BOLD, CURIOUS, REDEFINED **MURDOCH UNIVERSITY.**

Discover the new logo behind Murdoch

We recently revealed a refreshed visual identity that is revolutionary across the Australian universities landscape. Instead of using common educational designs, including symbols such as books, hands and seals, we've decided to own the concept of 'free thinking'.

This means that we've pushed the boundaries to stand out from the crowd and be distinctive, as we continue to foster change, transcend boundaries and reach new audiences.

Our refreshed brand identity is reflective of our free thinking, curious-natured side and is a platform to position Murdoch University – locally, nationally and internationally – as a modern, inclusive, progressive university that creates leaders in all fields of endeavour.

The new logo we have introduced is to represent Murdoch now and signify our future aspirations.

It's important to remember, that our brand revitalisation is more than a logo. It's about confidently reimagining Murdoch and having a contemporary platform to help us share our unique story with the world.

Are you interested in video games? Do you love the nail-biting moment-to-moment action of elite level esports tournaments? Esports is a fast-growing industry that extends far beyond competitive athletes. Each year, tournaments around the world are looking for producers, journalists, film production/technicians, commentators, and streamers.

Murdoch University is running a three-day program where students can learn strategies for how to succeed in the esports industry. Learn how to compete at the highest level, build a Twitch channel for hundreds of loyal viewers, get involved in games journalism, and even creating your own tournament.

These workshops will be run by industry leading professionals who have created their own leagues, competitive level athletes who have played on international stages like E3 in front of tens of thousands of spectators. If you want to be the best you have to learn from the best.

SCHOLARSHIPS AT MURDOCH UNIVERSITY.

New Scholarship for Outer Regional and Remote Students

The Tertiary Access Payment Program (TAPP) is a one-off, non-indexed, means tested payment of up to \$5,000 (\$3000 in first Semester, \$2000 in second Semester). Its goal is to encourage and assist outer regional and remote students who relocate to access tertiary study immediately following school (Year 12 or equivalent).

Students can enter their home address into the [Student Regional Area Search](#) tool to check their eligibility.

Applications will open mid-July 2021 for 2022 entry.
