

# In the Know with Careers

2 May 2024

## University

### **University of Sydney - Year 12 Information Evening**

22 May

Are you ready to take the next step? Join us for an exclusive information evening for Year 12 students and their parents/carers to answer all your questions about joining the vibrant Sydney University community next year.

<https://www.eventbrite.com.au/e/the-university-of-sydney-year-12-information-evening-tickets-859223800517>

### **University of Sydney Webinar - Medicine at Sydney**

8 May

Studying medicine at the University of Sydney ensures that you will be fully equipped with the leadership capabilities, clinical skills and human understanding required to make a genuine difference to the lives of individuals and communities across Australia and the rest of the world. Don't miss this opportunity to learn about the flexible and rewarding double degrees in medicine as well as how to best prepare for the admissions process at Sydney.

### **Sydney College of the Arts Portfolio Evening**

28 May

Don't miss the opportunity to join us at the Sydney College of the Arts Portfolio Evening, in-person, for tailored feedback and valuable insights to elevate your portfolio to support your application. Your portfolio is a key part of your application to study a Bachelor of Visual Arts or Bachelor of Visual Arts and Bachelor of Advanced Studies at the University of Sydney. As part of the Portfolio Evening, you'll be able to speak with our experienced staff to:

- gain personalised, one-on-one feedback and advice on your current portfolio and how to enhance your submission
- receive information about our degrees, specialised facilities, and student opportunities inside and outside the classroom.

### **University of Sydney Webinar - The M in STEM: Where maths can take you!**

29 May

Find out how your high school maths topics directly relate to career paths in science. Everybody knows that science, technology and engineering will continue to shape the world we live in. They will be needed to solve the problems current and future generations will face. But how does mathematics fit in? Why do you have to learn calculus? What does probability have to do with anything? And is there really a reason for understanding statistics now that computers do everything for us? If you are in Years 9-12, looking after someone in Years 9-12 or teaching a class of Years 9-12 students, come along to discover how the maths learnt in the classroom is used in everything from physics to medicine. This 2-hour event will begin with you

hearing from current pioneers in STEM as they detail how mathematics has shaped their careers. After which, there will be a networking Q&A so you can receive tailored advice and build connections with your future peers and potential colleagues. Not sure which level of maths is needed for your chosen degree? Or do you have a major you want to take, but no idea what sort of career it could lead to? This is your chance to have all your questions answered!

### **University of Sydney Webinar - Double degrees, combined studies and cross-disciplinary education**

29 May

We offer a range of double degrees allowing you more flexibility and options to create the university experience that suits your interests and goals. Hear from a current double degree student about as they share their Sydney experience and how they chose from the many flexible courses and degree structures at the University of Sydney. Find out what sets us apart and how you can benefit from completing a combined or double degree at Sydney.

### **UTS Bachelor of Computing Science - Industry Degree Academy (IDeA)**

The Industry Degree Academy (IDeA) is a three-year program, available only at UTS. Students work at some of Australia's leading companies while they study. The program is codesigned with industry partners, so students graduate with the skills and experience employers seek, along with industry experience. IDeA enables students and employers to actively contribute to learning outcomes via portfolios, industry certifications, and training, as well as gaining strong technical skills and a full cybersecurity or computing science qualification.

### **ANU Early Entry Application Q&A**

7 May

An opportunity to get your last minute questions about our early entry application answered by staff from admissions and accommodation before applications close on 13 May 2024. Hear answers to commonly asked questions and come prepared with any questions you might have.

[https://anu.zoom.us/webinar/register/WN\\_AUcUGhJeQ86lOeUoiOXdGQ#/registration](https://anu.zoom.us/webinar/register/WN_AUcUGhJeQ86lOeUoiOXdGQ#/registration)

## **Applications open for Doctor of Medicine at CSU**

Applications Close 27 September

With our Doctor of Medicine you can study regionally and be at the cutting edge of the future of medicine in Australia. The continuing shortage of doctors in rural and remote areas is central to Australia's rural health crisis. You can help address this regional shortage by studying our Joint Program in Medicine, in partnership with Western Sydney University.

<https://study.csu.edu.au/courses/doctor-medicine>

## **Reminder - University of Newcastle JMP Info Session Webinar**

8 May

The Bachelor of Medical Science and Doctor of Medicine (The JMP) is an innovative five-year degree delivered jointly with the University of New England and supported by Hunter New England Local Health District and Central Coast Local Health District. Join us for an info session to hear from Joint Medical Program academics and current students about the program, admission requirements and much more.

<https://www.newcastle.edu.au/events/future-students/jmp-info-session-webinar>

## **UNSW Undergraduate Student Guide 2025**

Our 2025 Domestic Undergraduate Student guide is live!

## **AIE Open Day**

25 May

Discover the courses designed to get you started in game development, 3D animation, film and visual effects at the AIE Open Day on Sat 18 November 2023. This event will be held at AIE Campuses in Sydney, Melbourne, Canberra and Adelaide from 10am to 3pm. AIE's Open Day is a great opportunity to meet our teachers, staff and students. The day will cover everything you need to know about the:

- careers in games and VFX that we train students for;
- studios and industries that we work with;
- courses we offer - from beginners to professional mastery, and;
- the software, skills and knowledge we teach.

AIE's Open Day will also include presentations on entry requirements and how to apply. Find out how AIE can get you into a creative career.

[https://aie.edu.au/aie\\_event/open-day/](https://aie.edu.au/aie_event/open-day/)

## **General**

### **How much do you know about STEM + design & construction careers?**

Passionate about building and designing the cities of the future? STEM + design & construction could be a winning study and career pathway for you! Suss out your knowledge of roles in this field with our quiz below. You might even discover a new type of job you hadn't considered before!

<https://careerswithstem.com.au/design-and-construction-quiz/>

### **Which cyber security job is for you?**

With so many jobs in the cyber security sector, it's important to find a compatible fit. In our increasingly connected and digital world, cyber security is everyone's business. If you're wondering where you might land a job after skilling up in this exciting and in-demand sector, you might be surprised how many opportunities there are! <https://careerswithstem.com.au/cyber-security-quiz-2022/>

### **How to become a Chartered Accountant**

Becoming a Chartered Accountant (CA) could set you up to thrive in business in different parts of the world. It's a highly regarded professional qualification with international recognition. CAs can work in a wide range of exciting and challenging careers. If you'd like to join their ranks, here are the steps:

<https://www.youunlimitedanz.com/about-ca/how-to-become-a-ca>

### **What is forensic science really like?**

What's it really like to have that dream job you've been eyeing off? We've found out for you and are busting myths about some hard-to-pin-down careers in STEM. Professor Shari Forbes dishes the decomposing dirt on forensic science, and it's nothing like CSI.

<https://careerswithstem.com/mythbusting-jobs-forensic-scientist/>

### **Things to consider before studying Psychology**

Psychology is a field where professionalism is of utmost importance. Psychologists need to participate in ethical conduct, which includes all forms of communication with clients. Skills that are essential in the practice of psychology include strong listening and communication skills, personal integrity, empathy and self-awareness. Psychologist Rebecca Ray discusses how to treat clients with trauma without becoming traumatised yourself. It can be challenging to stay composed in session with clients, and the practice of mindfulness can assist with this according to clinical psychologist Samantha Clarke. Another clinical psychologist Dr Tara Hickey has also incorporated mindfulness into her practice with clients, as well as for her own wellbeing.

<https://www.myhealthcareer.com.au/psychology-career/>

### **Closing Soon - Professional Business Cadetships Australia Companies**

Closes 24 May

Over the last sixteen years, Professional Cadetships Australia has provided Year 12 students with the opportunity to apply for a cadetship with leading companies in the financial services industry, including UBS, Barrenjoey Capital Partners, Macquarie Group, Bank of America Merrill Lynch, BNP Paribas, Westpac, QBE and Zurich. In 2023, the Business Cadetships Program offers exciting cadetship opportunities in a range of business areas at UBS, Barrenjoey Capital Partners and Macquarie Group. As a Business Cadet, you combine university study in Sydney with paid work in Sydney at UBS, at Barrenjoey Capital Partners, or at Macquarie Group. The Business Cadetships Program allows you to choose the university where you will study and allows you latitude in your choice of degree program. Watch this space for information about the Business Cadetships in Melbourne Program.
