2 May 2016

To whom it may concern

Starting from Thursday 12 May 2016 a new School Bus Travel application process will be introduced by Transport for NSW

Blue application forms will no longer be accepted

All parents who wish to apply for school bus travel will need to go to the Transport for NSW website and complete an online application form (replacing the current Blue form). Once completed online the parents need to print the form out and take it to the school office. The address for online applications is

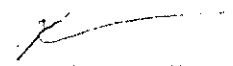

<https://ssts-apply.transport.nsw.gov.au/ApplySSTS/ApplySSTS.html>

The school is responsible for checking the details on the form match the student's enrolment details at the school before signing the validation at the bottom of the form. The school is then required to send all validated forms direct to Transport for NSW at the following address

Transport for NSW
Locked Bag 5085
Parramatta
NSW 2124

Application forms are no longer to be sent to Busabout for processing. Any forms received by Busabout will be forwarded to the relevant school for processing and forwarding to Transport for NSW.

Thanking you

Matthew Bell
