

Essential actions

✓ Cleaning

Schools will be supported to implement enhanced cleaning, including cleaning throughout the day of high-touch surfaces such as bathrooms and door handles.

✓ Physical distancing

The school workforce will be supported to practice physical distancing, but physical distancing is not necessary between students in the school setting.

✓ Hygiene

Frequent hand washing will be encouraged among staff and students and, where soap and water are not available, alcohol-based hand sanitiser will be used.

✓ Health

Anyone who feels unwell should not attend school, including staff, parents and students.

1

P-2 and Senior Secondary students return to on-site schooling

26 May – 5 June

(Prep – 2) and Senior Secondary (Year 11 and 12) students

Students in Prep to Grade 2 and students in Year 11 and 12 will return to on-site schooling first. The existing remote learning program will not continue for these year levels.

Grade 3 – Year 10 students

Students in Grade 3 to Year 10 who can learn from home must continue to learn from home. These students will continue to be supported by their school to learn remotely.

Students who are unable to learn from home can continue to attend the supervised program at their school.

School staff

During Stage One all school staff are expected to attend on-site.

Staff will be supported to manage their wellbeing through their schools and the Employee Assistance Program.

Parents

Parents should follow advice from their school regarding drop-off and pick-up protocols.

2

All students return to on-site schooling, two weeks later

From 9 June

All students return to on-site schooling

Students in all year levels will return to school.

Activities such as camps, excursions and incursions will not be offered until current travel restrictions are lifted.

Schools will no longer offer a remote learning program.

School staff

All staff will continue to attend on-site.

Staff will continue to be supported to manage their wellbeing through their schools and the Employee Assistance Program.

Parents

Parents should follow advice from their school regarding drop-off and pick-up protocols.

Regular school activities resume following health advice

Regular school activities, such as sports, camps and excursions will resume consistent with the lifting of travel restrictions.
