

Music Tuition Application 2024

To help with planning we would like to know which of our students intend to start instrumental music lessons in 2023. Tuition is provided in piano (Mrs Deborah Brandon and Mr Grant Hutchesson), individual or group guitar lessons (Mr Jack Gray), violin (Mr Matej Sutora or Mrs Marta Sutora) and drums (Mr Jesse Sprason).

Music tuition is for students in **Year 2-6**, and Year 1 students may access the program under certain circumstances. Application for Year 1 students to learn an instrument can be made through consultation with both their class teacher and the instrumental music teacher before a decision is made. Priority for lessons is given to older students.

Students may only learn one instrument at school. Having the appropriate instrument at home (except with drums) is a pre-requisite. Rostered music lesson times are rotated each week so that students don't miss the same classroom lessons. Instrumental music lessons are of half hour duration once per week and the charge is approximately \$30 per lesson (except shared lessons on guitar which cost less).

Fees are payable in advance directly to the instrumental music teacher.

If you are interested in your child **continuing, discontinuing, or starting** music tuition at the school in 2024, you **MUST** complete the online application form via the weblink or QR code as soon as possible, to provide the teachers with accurate numbers of children wanting lessons in 2024. Forms received too late may result in your child being unable to have lessons due to limited availability of instrumental music teachers.
