MONASH University

What is Medical Imaging and Radiation Sciences?

Monash University offers courses in both *Radiography and Medical Imaging (honours)* and *Radiation Sciences*.

Students often ask what the differences are between these two areas of study, and Monash has a detailed information on its website providing answers to these questions.

Students are encouraged to spend some time browsing [What is Medical Imaging and Radiation Sciences?](#) Included on this page is a useful YouTube clip, well-worth watching!

Aspire Program for 2027 Entry

➤ Aspire Community Impact Program

Open to domestic and permanent resident students only.

Requirements: Year 12 pass, VCE minimum prerequisite study scores and ATAR required.

Students will also need to make a VTAC application.

At La Trobe, we believe there is more to being a good student than marks alone. Have you been a leader? A volunteer? A key part of your community? Then we want to hear from you.

The [Aspire Community Impact](#) rewards Year 12 students for their volunteering or community contribution experience with an early conditional offer for most undergraduate courses at La Trobe.

Aspire Community Impact is a great option for students that are looking to use their community service or leadership experience to secure a spot in their dream course at La Trobe.

Successful applicants get an early conditional offer into their dream course at La Trobe, provided they meet the Aspire ATAR requirements and any other general course requirements for entry (such as subject prerequisites or additional entry criteria). Entry into all La Trobe courses is based on competitive selection and there may be limited places available.

A number of [Aspire Scholarships](#), worth \$5,000 per year for up to four years, will be awarded to leading eligible Aspire students.

Students can browse the link below which provides information regarding the participating courses and the required Aspire ATAR.

When applying, applicants are required to provide information about the length and frequency of their community service and/or volunteering experience.

Types of volunteering include –

- fundraising for charity
- helping to run a school/community club
- coaching a sports team
- volunteering at a nursing home
- mentoring younger students
- leading as a school or house captain

Students who have volunteered with any of La Trobe's volunteer partners listed below, will receive an automatic conditional offer[#] at La Trobe University.

- SES Victoria
- Scouts Victoria
- CFA
- Bendigo Health
- St Vincents De Paul (Vinnies)
- Little Dreamers
- St John Ambulance
- Awards Victoria - The Compass Award
- Duke of Edinburgh's International Award - Australia

[#] Not necessarily an offer for the course they have applied for

Further details can be found at [Aspire Community Impact at La Trobe University](#). Applications open on Wednesday 1 April 2026 and close Friday 4 September 2026. Students can nominate up to three courses and should do their research as they cannot edit these once their application is submitted.

➤ **Aspire Academic Impact Program**

Open to domestic and permanent resident students only.

Requirements: Successful completion of Year 12 and VCE minimum subject requirements and course prerequisites.

Students will also need to make a VTAC application.

Aspire Academic Impact is a great option for Year 12 students who are looking to lock in their future by securing a spot in their dream course at La Trobe.

Instead of an ATAR, La Trobe will use a student's performance in Year 11 to secure an early conditional offer into a range of courses at La Trobe. It's the perfect way to take the stress out of Year 12.

Students can submit an application at [Aspire Academic Impact at La Trobe University](#), provide both semester one and two Year 11 reports, and submit a School Endorsement form signed off by a Year 11 or VCE Coordinator.

Applications open Wednesday 1 April 2026 and close on Friday 4 September 2026. Students can nominate up to three courses and should do their research as they cannot edit these once their application is submitted.

Career in Air Conditioning Technology

According to the Career Cornerstone Centre, ***air conditioning engineering technologists work in the design, installation, and service of heating and air conditioning systems in residential and commercial buildings.*** They know how to select and maintain equipment that ensures building comfort.

According to the [Good Universities Guide](#), there are a range of specialised roles in this field, such as –

- **Refrigeration and Air Conditioning Draftsperson**

Refrigeration and air conditioning draftspersons design and produce working drawings of mechanical systems for refrigeration and air conditioning systems within a building project so that they can be manufactured, constructed, and installed.

Apart from having an aptitude for problem-solving, good communication skills, and being able to work as part of a team, a particular interest must be enjoying technical and design activities.

- **Automotive Air Conditioning Fitter**

Automotive air conditioning fitters install and repair air conditioning units in various types of vehicles and machinery, such as cars, trucks, vans, and tractors.

Successful fitters enjoy practical and manual activities, have good hand-eye coordination, an aptitude for mechanical work, are able to keep up to date with technological change, and have good problem-solving skills.

- **Refrigeration and Air Conditioning Mechanic**

Refrigeration and air conditioning mechanics select components, assemble, install, test, fault-find, service and repair industrial, commercial, and domestic refrigeration and air conditioning systems in homes, shops, factories, office buildings, hospitals, supermarkets, and cold stores.

Besides having an aptitude for problem-solving, good communication skills, and being able to work as part of a team, other important personal requirements of these specialised mechanics are being able to work with hand and power tools, enjoy and have an aptitude for technical work, and work patiently, systematically, and thoroughly.
