Basketball – Around the Grounds

6A

The boys had a tough game against a very skilled St Laurence's side, falling just short at the end of the 2nd half. However, the boys should be very happy with their performance as it was a massive improvement from last year. Well done boys.

6B

St Laurence's put up a very good fight this week against the 6B lads. We had to toil really hard and make sure of points when we went down the offensive end. We were rewarded with points and showed great commitment. Incredible heart shown by our MVP this week Ben Hawley who got over five steals and was working really hard at both ends of the court, which is great to see!!

6C

The boys worked as a TEAM with many impressive passes to make it past the St Laurence's defence. There were countless opportunities where we were positioned well to have quite a number of shots. Unfortunately, some missed shots and strong attack from SLC saw us go down 18-6.

6D

After a solid training session all the boys were ready to compete against an always competitive St Laurence's. Some very offensive play early in the match allowed us a good lead at half time. St Laurence's then climbed back into the match and levelled the scores. Great shooting from Adrian Garbellini and Fletcher Murray gave us a very well deserved one-point win over the opposition. Well done again boys!!

5A

The score in no way reflected the effort of the boys this week. Quinn did well to score our only points, he regularly did well to get the ball inside however the team need to limit the number of silly fouls we give away. Overall the boys need to work hard at training for the final week if we want to finish the season on a high note.

5B

Teams can often be judged on how well they are travelling by how many points they score or how few they concede, though I believe, the best teams are defined by how resilient they are and the manner they bounce back after a loss, therefore, I think the 5Bs are a great team! This week the boys worked really hard at training and came out hungry for the win after their loss last week. From the tip off they were attacking aggressively, communicating and passing effectively and best of all their shots were sticking all game. Well done to the boys for a great effort all week at training and in the game on Friday, it was a real team effort, a true Marist performance.

5C

This week, the boys spoke about trusting their teammates and passing the ball more. From the opening moments of the match, it was clear to see that they were determined to execute their game plan, with some excellent vision and accurate passing resulting in some entertaining movement up the court. One thing that we will continue to work on this week is shooting efficiency; particularly, getting as close to the board as possible, before taking a shot. With MCA enjoying the lion's share of possession in the match against SLC, opportunities were missed, which could have seen the Ashgrove boys posting a much larger score. Good luck in the final match this week!

5D

It was a fantastic performance from the entire team which lead to a big victory over SLC. The boys took advantage of all of the opportunities presented to them and converted this into points. The boys are looking forward to next week to round out their season.
