WHAT ARE EVERYDAY AND SOMETIMES FOODS

EVERYDAY FOODS:

Provide your child with the nutrition they need to grow and develop.

Foods to eat every day include:

Vegetables, fruits, dairy (and dairy alternatives), wholegrain breads and cereals, and meat (and other sources of protein).

SOMETIMES FOODS:

Provide energy, but do not provide the nutrients your child needs to grow and develop. They also contain high amounts of fat, added sugar and/or salt.

LUNCHBOX FACTS...

Lunchboxes matter! A third of what your child eats each day comes from the lunchbox.

When a lunchbox includes too many sometimes foods, a child may not get the nutrition they need to thrive.

One swap from a sometimes food to an everyday food can make a difference.

Pikelets

EVERYDAY LUNCHBOXES BOOST PERFORMANCE

Prepares your child to learn

Gives energy to play

Linked with better behaviour

Improves concentration

Boosts school performance

Keeps teeth healthy

“My kids enjoy everyday foods in the lunchbox and look forward to sometimes food for dessert every Friday.” Pete, father of two.

AN EVERYDAY LUNCHBOX IS MADE UP OF EVERYDAY FOODS:

Drink

Water and/or reduced fat plain milk

Recess

Vegetables or fruit + 1-2 everyday snacks

Veg & Fruit Break

Vegetables or fruit

Lunch

A meal made with everyday foods, such as a sandwich, wrap, salad, pasta or rice dish

One swap from a sometimes food to an everyday food can make a big difference to your child's health, wellbeing and learning.

VEG & FRUIT BREAK

A time for children to take a break from their learning to drink some water and eat some vegetables or fruit. In some schools it is called a “fruit break”, “brain break” or “Crunch & Sip”. It is a great time to serve up a vegetable snack.

VEG & FRUIT BREAK IDEAS

Cucumber, banana, beans, edamame, cherry tomatoes, snow peas, capsicum, carrot, kiwi fruit, tinned fruit in natural juice, strawberries, papaya, celery, watermelon, mandarin, roast sweet potato and cauliflower.

SAVE MONEY: Vegetables and fruits are often cheaper when they are in season. Frozen and canned vegetables and fruits make good snacks too.

SAVE TIME: Chop extra vegetables when preparing your evening meal. Portion into zip lock bags or containers ready for the lunchbox.

EVERYDAY LUNCHBOX PLANNER

This planner can make it easier for you to pack a lunchbox full of everyday foods. Plan ahead to make lunchboxes that will help your child concentrate, learn and play all day.

Blocks of reduced fat cheese

Reduced fat yoghurt

Rice cakes packs

MAKE YOUR OWN

Fruit scone

Bliss balls

Carrot sticks and hummus

Plain air popped popcorn

CHOOSE LONG LIFE

Tinned foods

Reduced fat long life milk

Frozen vegetables

# IDEAS TO KEEP FOOD SAFE

## Keep cold foods COLD

Reduce the risk of food poisoning by including an ice brick in your child's lunchbox.

### Which foods and drinks need to be kept cold?

### Tips:

- ❄ Freeze water bottles or reduced fat milk poppers to use in lunchboxes as ice bricks.
- ❄ Keep the lunchbox in the fridge until you are ready to go to school.
- ❄ Use frozen bread to make a sandwich. It keeps the lunchbox cool and defrosts by lunch.

# IDEAS TO KEEP FOOD SAFE

## Keep hot foods **HOT**

Reduce the risk of food poisoning by storing hot lunchbox foods in a thermos.

### Which foods and drinks need to be kept hot?

### Tips:

- ☀ Look for a good quality thermos as they are likely to keep food hot for longer.
- ☀ Reheat the food to very hot before placing in a pre-heated thermos.
- ☀ Don't forget to pack a fork or spoon.

**Disclaimer:** Serving hot foods at school can carry a risk of scalding and burns if the flask is not used appropriately. The decision to send hot foods to school in a flask will vary with each child and may be determined by your school.

# SWAP TO EVERYDAY

Sometimes Foods

Everyday Foods

Ice tea, biscuit sticks, jelly fruit cup, fast food fried rice.
