APRIL 2025

Whats Been happening

1 WEEK TO GO!

Over the last two weeks, we've had an action-packed time at Team Kids, with a variety of exciting activities that encouraged creativity, teamwork, problem-solving, and movement. We've loved getting to know all our new students, both in Prep and older years, and we're excited to continue nurturing the positive relationships we've begun to create. With next week being the last of the term, we look forward to finishing strong with even more fun!

Mindfulness and emotional awareness have been key themes throughout our activities. The Friendship Compliment Chain encouraged children to share kind words and build each other up, while Emotion Storytelling helped them explore and express different emotions through creative narratives. The "Things That Make Me Feel Safe" Poster allowed children to reflect on their personal sources of comfort, and Zentangle offered a relaxing, meditative way to focus on patterns and self-expression.

Our sports club has been packed with high-energy activities that promote teamwork, coordination, and friendly competition. Children put their skills to the test in Capture the Flag, Guardians and Seekers, Obstacle Course Tag, and Everyone Is It Dodgeball. The educator led soccer match saw students working together and tested their agility and teamwork.

STEM-based challenges were another highlight, with children engaging in strategic thinking and problem-solving. Exploding Monsters introduced concepts of cause and effect, while Math Octopus and Math Relay tested numeracy skills in an interactive and dynamic way.

Our art club inspired creativity through hands-on projects. Children brought their imaginations to life in DIY Fairy Gardens, Make Your Pet with Clay, Ladybug Craft, Snake Craft Challenge, and Scratch Paper Landscapes. The Fun Fact of the Week Display encouraged collaboration and creativity as children designed an engaging visual to share knowledge. The Choreography Showcase and Dance Concert allowed students to express themselves through movement, while Clay Disguises challenged them to alter appearances using sculpting techniques.

We also ran a variety of general activities that encouraged teamwork, quick thinking, and fun. The Trash Championship had children engaged in strategic card play, while What's the Time Mr. Wolf? tested their reactions and decision-making. Pac-Man Tag added a playful twist to traditional tag games. The Activity Brainstorm gave children a voice in shaping future activities, reinforcing their sense of ownership and leadership in the program.

With just one week left of term, we're looking forward to wrapping up with even more engaging experiences. Thank you to all the children for their energy, creativity, and enthusiasm – we can't wait for what's to come!

Reminders and Updates

Autumn Holiday Program: With the holidays starting at the end of next week, we'd like to remind families to book their children in as soon as possible to secure a spot before the program fills up. The holiday program schedule is available online and on our family information board in the Team Kids classroom. If you have any questions about bookings, feel free to ask our team.

Please ensure your child comes prepared each day with a hat, lunch, snacks, and spare clothes if needed. Afternoon tea, including fruit and crackers, is provided daily. We kindly ask that children do not bring toys from home, as they will be required to keep them in their bags during the program.

We're looking forward to a fun and exciting holiday program!
