

Dates to Diarise in Term 2

• Law Week 2025 - Monday 19 - Sunday 25 May

Law Week 2025

The law can intersect with life in many ways. Victorian Law Week is a time to understand what happens and where to get help, when the law intersects with life.

There's something for everyone during Law Week this year! **Law Week** is an annual festival of events which makes learning about the law easy. With webinars, interviews, information sessions, free legal advice, podcasts, and plenty more, Law Week makes learning about the law easy for all Victorians. This year, Law Week will take place from **Monday 19 – Sunday 25 May 2025.**

Check out the Victorian Law Week program at Victorian Law Week 2025.

News from Federation University

Bachelor of Social Work at Berwick in 2026

Currently offered at our Gippsland Campus, the Bachelor of Social Work will also be offered at our Berwick Campus from 2026.

For students passionate about improving the lives of children and families and helping to build strong communities, this course is a definite path to a rewarding career.

With 140 days of placement, students will be prepared to work across human and community services in government bodies, non-government organisations, community, and health services, and more.

Find out more at Bachelor of Social Work.

Early Entry Program

With an Early Offer, you're guaranteed early entry to university (as long as you meet the prerequisites). You will also enjoy early access to campus libraries and study spaces, plus a free Exam Ready Pack.

Applications opened on 1 April 2025 and will close 1 December 2025. Successful students will receive a conditional offer in September 2025.

Iconic series' like CSI (Crime Scene Investigation) have inspired thousands of students to enter the forensic science field for decades. However, let's separate the facts from the Hollywood fiction, where can studying a degree in forensic science at Deakin actually take you?

Forensic science involves the use of scientific methods such as chemical analysis, DNA and toxicology, as well as the understanding of criminal law, to support criminal investigations. It offers a broad range of career options with many different fields and specialisation pathways. Students with a strong interest in science, a keen eye for detail, strong analytical skills, and a logical mind may find this exciting field could be for them.

Students studying a <u>Bachelor of Forensic Science</u> at Deakin, will start their journey by learning the fundamentals of biology, and chemistry, before delving into the world of criminal justice. They will experience hands-on learning, including simulated crime scenes, pseudo courtrooms, and fieldwork experience. They will also develop practical transferable skills such as critical thinking, professional practice, and general laboratory practice and safety.

Through their extensive practical training, students will graduate with the technical and soft skills needed to thrive in a range of areas including:

- forensic laboratories
- insurance investigations
- risk analysis
- research science
- policing

- government institutions
- chemical, biological, food and pharmaceutical industries.

The main forensic roles within Victoria are either at the <u>Victorian Institute of Forensic Medicine (VIFM)</u> or the <u>Victorian Police Forensic Services Department (VPFSD)</u>.

• The VIFM provide forensic medical expertise, undertake medical investigations (such as autopsies and disaster victim identification), and provide expertise in situations

such as mass fatality emergencies.

 The VPFSD has a range of different departments such as botany, fingerprints, ballistics, crime scenes, clandestine laboratories, fire and explosion, and DNA management. Each state of course has their own version of VIFM and VPFSD, and there is also a forensics department within the <u>Australian Federal Police Forensics</u>.

The Bachelor of Forensic Science is professionally accredited by the Chartered Society of Forensic Sciences, making Deakin the first university in the Asia-Pacific region and the only university in Australia to offer professionally accredited forensic sciences courses.

Hawthorn College of Sport Information Session

Dreaming of a career in the sports industry? Hawthorn Football Club has partnered with leading training provider Box Hill Institute to give you the ultimate head start to your sports career.

Students can study the dual diploma - Diploma of Sport (SIS50321) and Diploma of Leadership and Management (BSB50420) with Box Hill Institute at Hawthorn College of Sport. Students who choose to can then pathway to Deakin University, gaining 8 credit points from the dual diploma towards the <u>Bachelor of Sport Development | Deakin</u> or <u>Bachelor of Business (Sport Management) | Deakin</u>, meaning students can start in <u>year two</u> of a degree after completing Hawthorn College of Sport.

The Hawthorn College of Sport will be hosting two **Information Sessions** for Year 11 and 12 students who may be keen on finding out more.

Date: Saturday 24 May 2025 Time: 2.30pm - 3.30pm

Venue: MCG

OR

<u>Date</u>: Wednesday 5 June 2025

Time: 6.30pm - 3.30pm Venue: Waverley Park

Register to attend at The Hawthorn College of Sport.

Camp SEEK 2025

Camp SEEK is a four-day immersive daily learning program for Year 9 and 10 girls and non-binary students. It's offered at no cost, and it takes place during Term 3 school holidays, from 22 to 25 September 2025.

The camp will introduce students to a future career in a tech-focused business and provides learning and mentorship through a practical, fun and collaborative program. Students will build skills in coding, product development, pitching and design thinking, with guidance from accomplished SEEK leaders in various fields such as Engineering, Product, Design, Analytics and Marketing.

Students will be required to attend SEEK's offices, located in Cremorne, Victoria, from 9.00am to 3.00pm each day and transportation needs to be arranged by the student/ family. Lunch and snacks will be provided each day, and students just need to bring a laptop along each day.

Applications will open in June 2025. In the meantime, <u>students can register their interest</u> <u>for Camp SEEK 2025 here</u>, and be the first to be notified when applications open. Read more about the Camp SEEK program.

Double Degrees at Monash

What is a Double Degree?

Watch <u>this video</u> and listen to Associate Professor Ben MacQueen, along with current Monash Arts students, explain how a double degree is structured and the advantages future students can gain from studying two degrees simultaneously.

Science Double Degrees

Take a deep-dive into our Science double degrees. Explore the variety of opportunities – industry placements, research and international experiences. Discover what makes each double degree unique!
