

HELP
US PUSH
TOWARDS OUR
FUNDRAISING GOAL

JOHN XXIII
COLLEGE
SEEK JUSTICE

Established in 1993, the John XXIII College Rowing Club has developed many students into strong-minded, resilient, and committed individuals, with many going on to compete in state, national and international competitions.

The Club is accessed by over 200 students each year, catering for rowers of all levels. We provide training and instruction by qualified coaches using the best equipment possible.

The Club is now aiming to raise \$10,000 to help purchase a new racing Coxed Quadruple Scull.

It will replace one of our older boats, which after many years of wear now spends more time being repaired than being rowed.

We are calling on the John XXIII College community to help us raise funds toward purchasing this new Quad for the Club.

All donations are tax deductible, so please consider chipping in. Your contribution will allow us to continue to support rowing students to achieve their best.
