

## House Captains Weekly

Reporting from the Beehive room 6, on the 18<sup>th</sup> of May four House Captains, Nick, Jaida, Hana and David went to all the grade 1 classes. The captains were looking for year 1's that were showing the school values and actively learning.

The grade 1's were doing Read Write Inc. when we turned up. They were working in pairs helping each other say and sound out words. They showed lots of persistence when reading out a word and were using respect towards each other while they were working in partners. It was really good to see them showing lots of values!

Next week you should be on your best behaviour because we might come to your classroom next! House Captains out!
