CTE – Custom Transport Equipment is currently seeking a new apprentice in the following roles:

- Welder / Fabricator
- Auto Electrician

Custom Transport Equipment is a manufacturer of custom semi-trailers, tiltslides and truck bodies for the Transport Industry. Our range includes, drop decks, floats, wideners, extendables and general transport equipment just to mention a few.

Situated in Drouin, our busy and expanding company has a large number of projects in the pipeline.

CTE's products are designed, engineered and manufactured to suit client requirements throughout various industries.

We are currently looking to employ students that are enthusiastic, reliable and hardworking, that become a valuable addition to the company.

If you are interested and wish to discuss the abovementioned roles further, please contact Brad in our Workshop Department on 03 5625 5408 and / or forward a copy of your resume via email to workshop@ctequip.com.au

We look forward to hearing from you!
