Natural Pest & Disease Management

In this My Smart Garden event, experienced horticulturalist and presenter Kat Lavers will teach you how to manage common pests and diseases in your garden using simple natural methods.

This workshop will include an indoor presentation and an outdoor portion where you will have a chance to see the Hunt Club Community Arts Centre's beautiful garden.

Please note, we will remain inside in the event of bad weather.

Topics covered include:

-  Identify pests and diseases
-  Addressing the causes
-  Encouraging beneficial insects
-  Prevention, management and treatment using organic methods

Free
of charge

Saturday 28 March 2026

2.30 - 4.30pm
