

# VISUAL ART STUDIO TERM 1 2026

## ***Composition and the Art of Collage*** **with our ARTIST IN RESIDENCE – KIM PRICE**

Fundamentals of collage, cut and create with mixed media artmaking

**Term 1 / 2026/ Fridays / 2.30—4.15 / 7 weeks**

In this program, students will explore collage as a fine art form. They will learn core techniques—cutting, gluing, selecting images and papers—and the foundations of strong composition. Students will experiment with using collage to convey narrative and emotion through intentional placement of elements. Each week students create a variety of collage artworks covering surrealism, landscapes, and figurative work. The program also introduces the geli plate to produce unique collage papers as well as tips to combine collage with materials such as paint, pencils and pastels.
