

INTERMEDIATE BOYS AND GIRLS HOCKEY

Continued...

The girls were up first, playing against a far more experienced team in the Merbein P-10 girls. The girls tried their best and attempted to keep possession of the ball as much as possible. Julia Copley made her presence felt on the field along with Lily Neagle. Completely new to the sport, Maya Marasco did a fantastic job stepping into the goals as the goalie saved many goals over the course of the day.

The boys put in a real team effort in what was a very energetic and enthusiastic match. Max Helms had a few good runs and many other team members made their way into the attacking goal circle. Cody Morrish came out of the goals at half time, with Xander Robinson gearing up in record time to replace him during the three-minute break. Cody was able then to defend the circle and made it a real challenge for the Merbein players to get past him. Standout players for the game were Max Helms and Cody Morrish.

Julia Copley and Lily Neagle bravely umpired the boys match. Cody Morris and Max Helms put their hands up again umpiring more matches than they were required.

Although St Joseph's College was unable to win on the scoreboard, the day was a fantastic show of team work and spirit by everyone involved. The students were supported by Mr Fleming and Mrs Collins on the day.

Mrs Bogna Collins
