passion

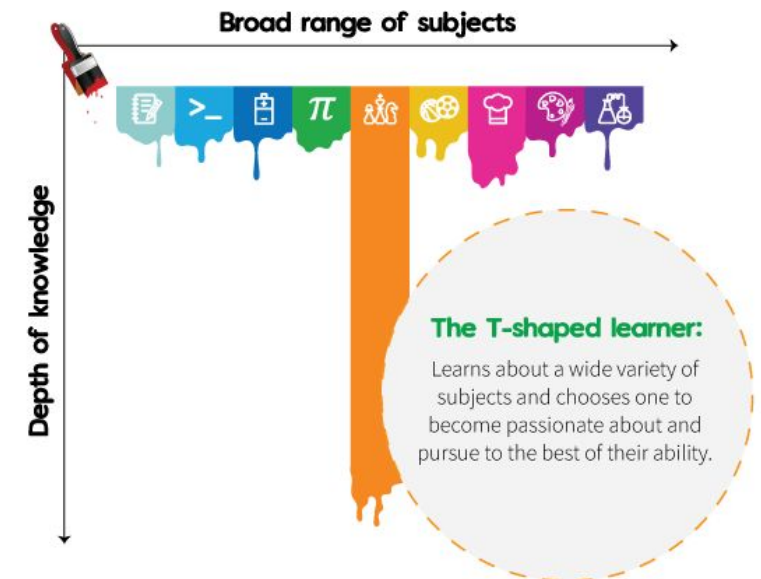

Our Philosophy of Education

We believe that education is a **journey** that students and teachers undertake together. From **discovering** the basic concepts to **developing** deeper understanding and **sharing** their knowledge in a celebration of learning or competition. To succeed in our digitally global society, it is important for students, and teachers, to be T-shaped learners. This involves gaining a wide breadth of experience and giving everything a go before picking one field in which to become an expert - to follow your passion!

We focus on creating this **passion**, engaging the students and challenging them to think in a different way. Success is defined for our students through their passion, joy and creations. Our students are **courageous** learners, focusing on **exploring** an area of passion rather than outcomes. They take risks in their thinking, embracing every opportunity to develop their knowledge in a specific area - including competing in our events.

Personal **interaction** is key to inspiring students. We provide various avenues for students to interact with people passionate about their subject area. This allows for building of social skills with like-minded people and exposure to inspiring and passionate coaches. These coaches are **role models** for following your passion and what you can achieve - the responsibility of having this knowledge is to share and teach someone else. We value the importance of sharing learning and passion.

The fields of **STEAM** (Science, Technology, Engineering, the Arts and Mathematics) are the foundations of our eight learning areas. Within these areas, we facilitate a change within our students' thinking skills and approach to learning. Whether in technology or thinking skills, innovation is key to staying current in our digitally global society. Our programs are current and **forward-thinking** and based on transferable skills.

Our Shared Values

PASSION FOR LEARNING

We are ambitious about learning!

We are prepared to learn for life and inspire a passion for learning in others

BELIEF IN SELF

We have faith in our own abilities and know we will succeed when we trust in ourselves

STRIVE FOR EXCELLENCE

We strive to do better and to reach our full potential

LEAD BY EXAMPLE

We aim to give children something great to imitate

Our Lesson Framework

Each lesson is a stand-alone 'episode' of learning, with one specific topic each session. The learning is scaffolded over time as children build on their previous knowledge.

The framework for all of our lessons is:

Context (Why?)

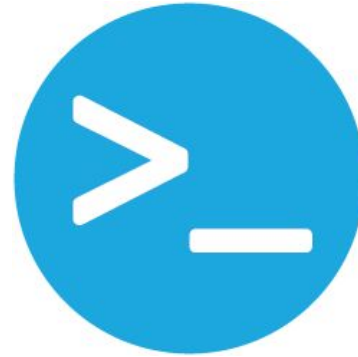

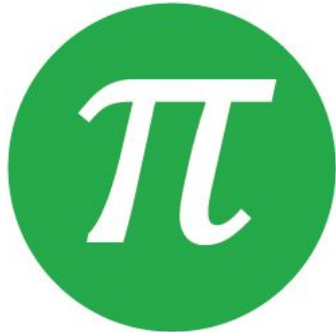

Theory (What?)

Guided Practice (How?)

Independent Tasks (What if....?)

Our Subjects

For more information head to our website:

Online Parent Portal

[KU.zone](#) is our **Online Parent Portal** for all extracurricular and holiday programs offered by Kids Unlimited.

Registration with [KU.zone](#) is required in order to enrol and pay for your child's extra-curricular school activities.

[KU.zone](#) also provides you with:

- Lesson Topics and Content
- End of Term Reports
- Student Certificates
- Attendance records
- Payment records
- And more to come...

To **access** it simply:

1. Go to [KU.zone](#) on any web-browser
2. Login or create your account
3. Start exploring

The diagram illustrates the user flow for accessing the Online Parent Portal. It starts with a login page on the left, which features the 'Kids Unlimited zone' logo, a 'SIGN IN / SIGN UP' link, an email input field, a 'Next' button, and links for 'Lost password' and 'Create account'. Below these is an 'OR' separator and a highlighted 'Explore school classes' button. A large pink arrow points from this page to the right-hand page, which is the school selection interface. This second page also features the 'Kids Unlimited zone' logo, a 'SELECT SCHOOL' dropdown menu, a 'Lookup classes' button, and a 'Home' link.

Important Information

Our **price structure** is based on an **8 week** program.

If the school term is longer than 8 weeks, we will provide the extra classes **free of charge**.

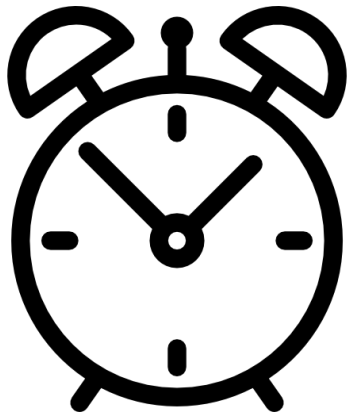

If your child misses up to 3 classes during a term, makeup classes can be booked in one of our *Learning Centres* during the same term.

To book a makeup class, please contact info@kidsunlimited.com.au or call **1300 424 377**. The makeup lesson is subject to availability.

For more information, please visit:

<http://www.kidsunlimited.com.au/terms-and-conditions.html>

Late Pick Up Policy

Student pick up for after school programs

It is expected that every child participating in a Kids Unlimited after school program will be picked up on time.

A late pick-up charge of \$20 per 15 minutes or part thereof, per child, applies after the Service finishing time, however coaches will provide a grace period of 10 minutes immediately after the class.

If children are picked up late 3 times, a full hour late fee applies [\$80] from the first 15 minutes. Kids Unlimited have the right to suspend the child from attending the program.

We are very excited to have you on board as part of the Kids Unlimited Family!
