2026 Parent Payment

Dear Parents / Carers,

Balambalam Primary School is looking forward to a great first year of teaching and learning and would like to advise you of Balambalam Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum, and we want to assure you that all contributions are voluntary. Nevertheless, the support of our families ensures that our school can offer the best possible education and support students. We would appreciate your support, as this will make a huge difference to our school in our first year and the programs we can offer.

Within our school this support will allow us to provide a wider offering of subjects and special curriculum experiences, enhanced digital learning opportunities, which will enable students to access high level curriculum. It will also allow us to purchase more resources for our students to use in the classrooms, as well as for our library.

Yours sincerely,

Danielle Heatley
Principal
