

MIND REVIVE ONLINE PSYCHOLOGY

THERAPY FOR WHEREVER YOUR CHILD IS AT

ONSITE SCHOOL PSYCHOLOGY

Mind Revive Online Psychology is an online psychology practice based in Melbourne, Victoria. We provide a mobile psychology service specifically tailored for children and adolescents, offering psychological treatment directly at their schools. Founded by registered psychologist Bianca Stephenson-Gromer, Mind Revive Online Psychology is driven by the belief that access to mental health support should be flexible, personal, and adaptive. We aim to meet children where they are at and support their mental health as they navigate the journey of growth and development.

The approach is customised for each individual child, incorporating a variety of evidence-based psychological interventions. Our services cater to children facing a spectrum of challenges, such as depression, generalised anxiety, social anxiety, panic disorder, agoraphobia, post-traumatic stress disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism spectrum disorder, eating disorders, grief and loss, stress management, anger management, sleep problems, self-esteem issues, relationship problems, and learning-related difficulties.

If you think your child could benefit from counselling, please feel free to reach out directly to our principal psychologist, Bianca Stephenson-Gromer, via email at admin@mindreviveonline.com.au. We can schedule a complimentary 10-minute parent consult to discuss your child's needs. Our standard fee for individual appointments is \$200, with concession rates available at \$150 for those with a valid concession card. For children with a Mental Health Care Plan and a referral letter from their General Practitioner, Medicare rebates are applicable, providing a rebate of \$90.60 per individual appointment.

If you have any further questions or queries, please contact Bianca via email admin@mindreviveonline.com.au. Further information about Mind Revive Online Psychology can also be found on the website <https://www.mindreviveonline.com.au>.
