Y1 School Trip

My first ECP's trip was in Jizera Mountains in Janov n. Nisov. We went there by coach and we stayed in chata Milada. We did lots of activities there and I really liked them.

On Wednesday when we arrived, packed out and had lunch. After it we did some Team building activities and got to know each other. We could also play some sports like football, frisbee or some games. Then we had dinner and after it there was an evening game. It was about our teachers when they were young. Later we went to our rooms and slept.

On Thursday we had in the morning breakfast. It was so delicious! Our pension cooked very well and the accommodation was also good, I liked it there. Anyway, after breakfast we did activities only with our classes. We did for example: sheeps and wolfs, which was quite fun. In the afternoon we went to a Rope park, which was close to Milada. When I was on the rope I felt little bit scared, but in the end I enjoyed it. It was my first time that I was in the Rope park!

Next day we went for 3 hours walk with guide. We visited Kralovka Tower where was a beautiful view of Jizera Mountains and Jablonce n. Nisov. Then we went to Presidentska chata. I learnt that in Presidentska chata stayed lots of Czech presidents for ex: Tomas Garrigue Masaryk, Ludvik Svoboda, Antonin Liposochy, ... I also liked a nice nature. When we arrived in chata Milada we pack and went to home again by coach.

I so enjoyed my first ECP's trip. I got to know lots of people and I learnt something about them. I hope that another trip will come soon and I hope it will be brilliant like this trip!
