Creating amazing outdoor facilities

Parent Proposal

Creating the spaces to inspire the future stars of tomorrow

St Josephs Primary School Northcote enjoys some great facilities for our 190+ children and families but one of our biggest opportunity areas is creating physical sporting and outdoor facilities to help our kids thrive holistically.

- Andrew E, Parent (Seniors, Junior, Prep)

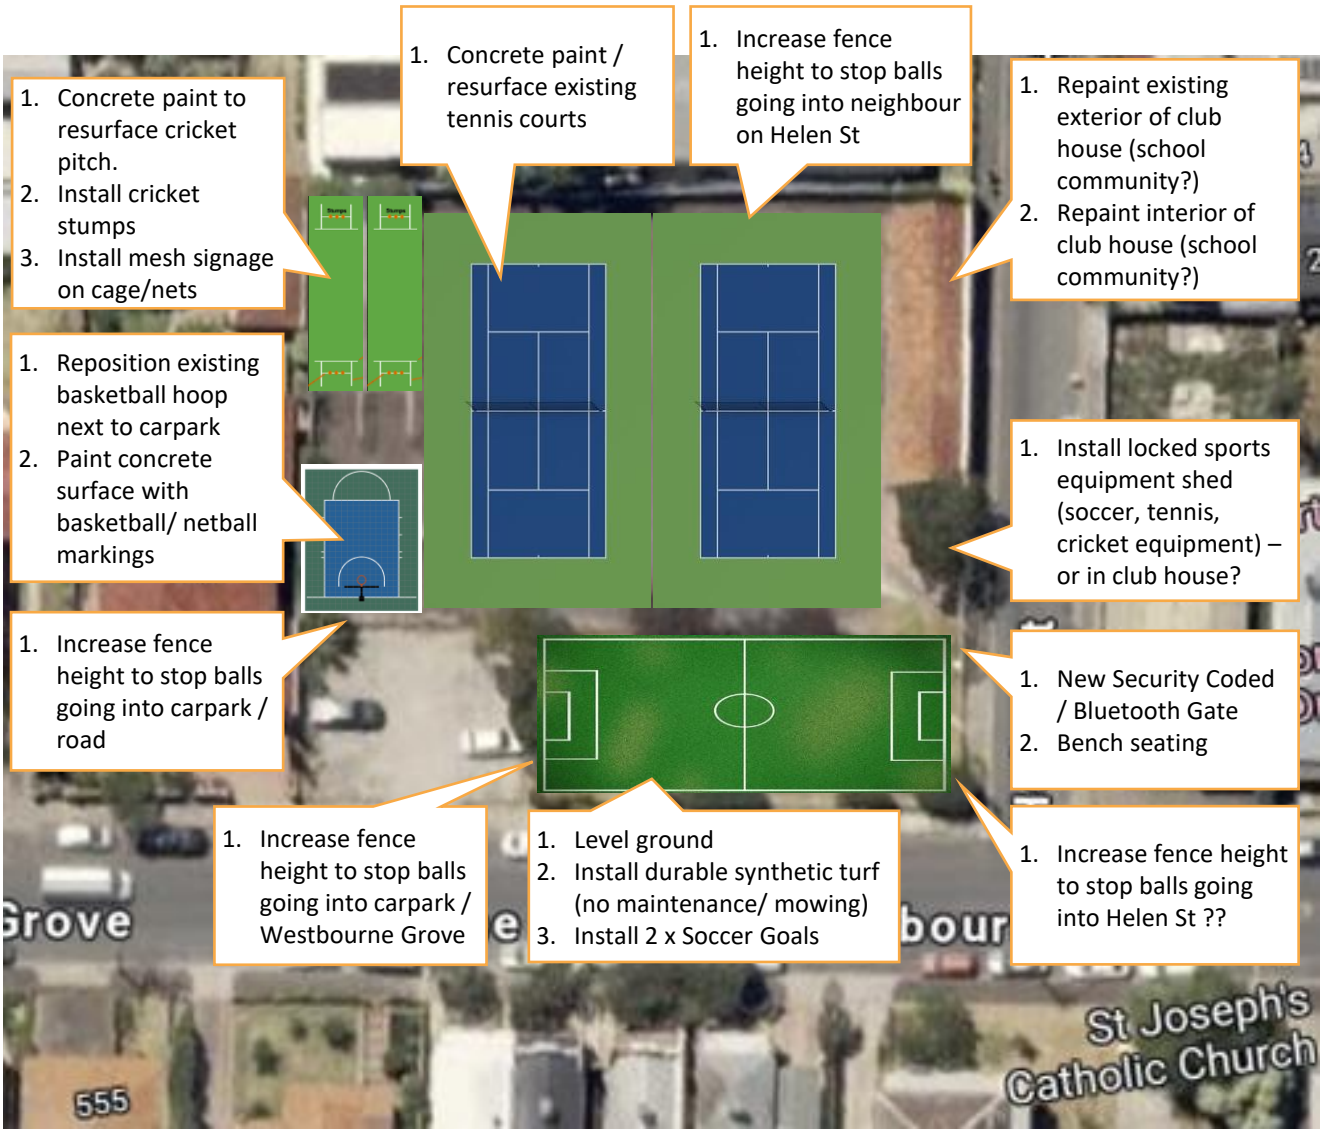

Westbourne / Helen St Site Proposal

Reimagining the Westbourne / Helen St site to create a multi-purpose, more modern facility to inspire the kids of today for tomorrow and create an income producing community facility

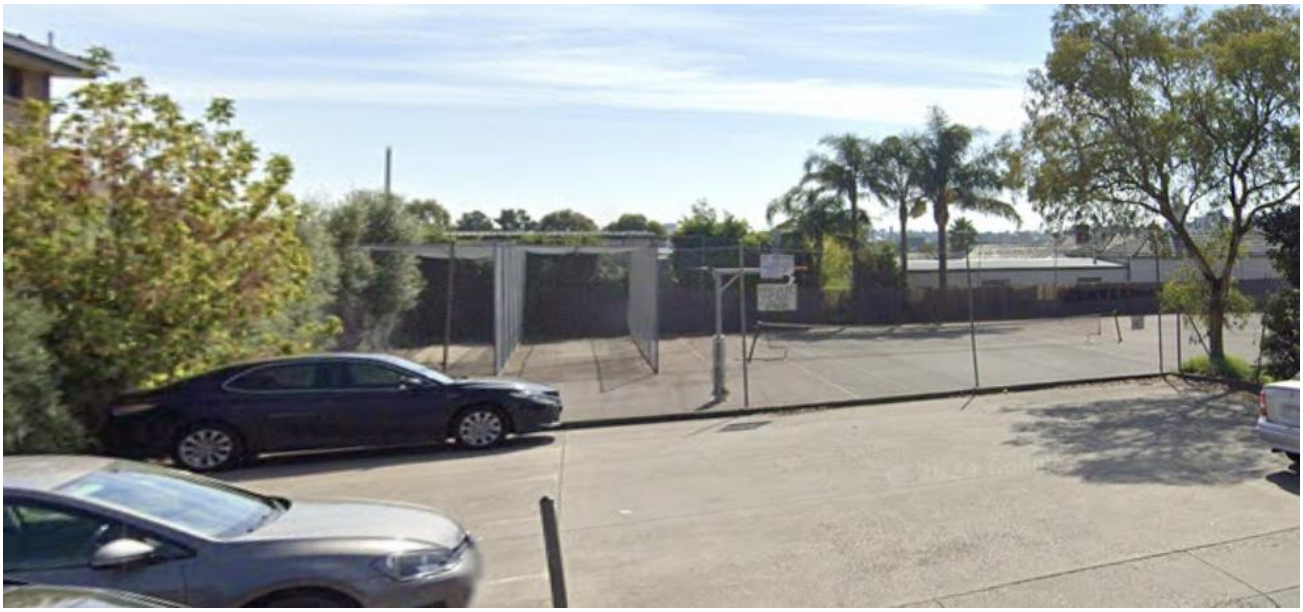

Westbourne / Helen St Site Proposal

Simple enhancements could reinvigorate the site to broaden its appeal and use by both the school and parish communities

Westbourne / Helen St Site Proposal

Cricket Nets reimagined with simple concrete paint enhancements and mesh signage

Westbourne / Helen St Site Proposal

Resurfacing/painting the tennis courts to improve the facilities and community appeal

Westbourne / Helen St Site Proposal

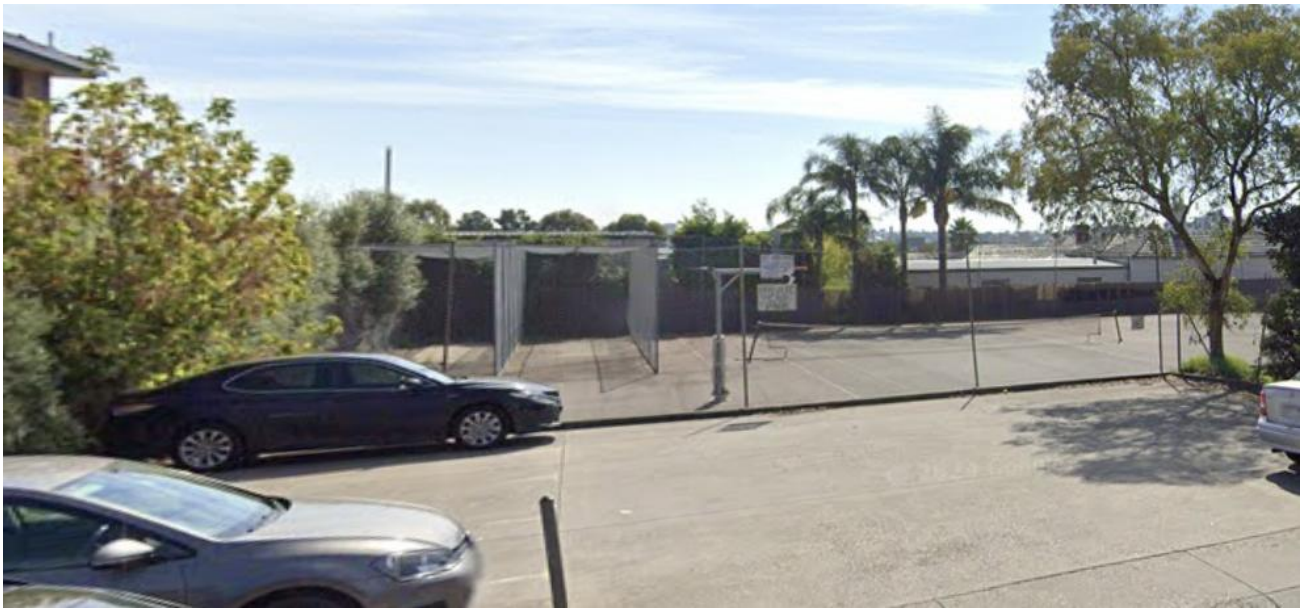

Levelling the existing grass area and installing synthetic grass could make this space more usable for school and the community

Westbourne / Helen St Site Proposal

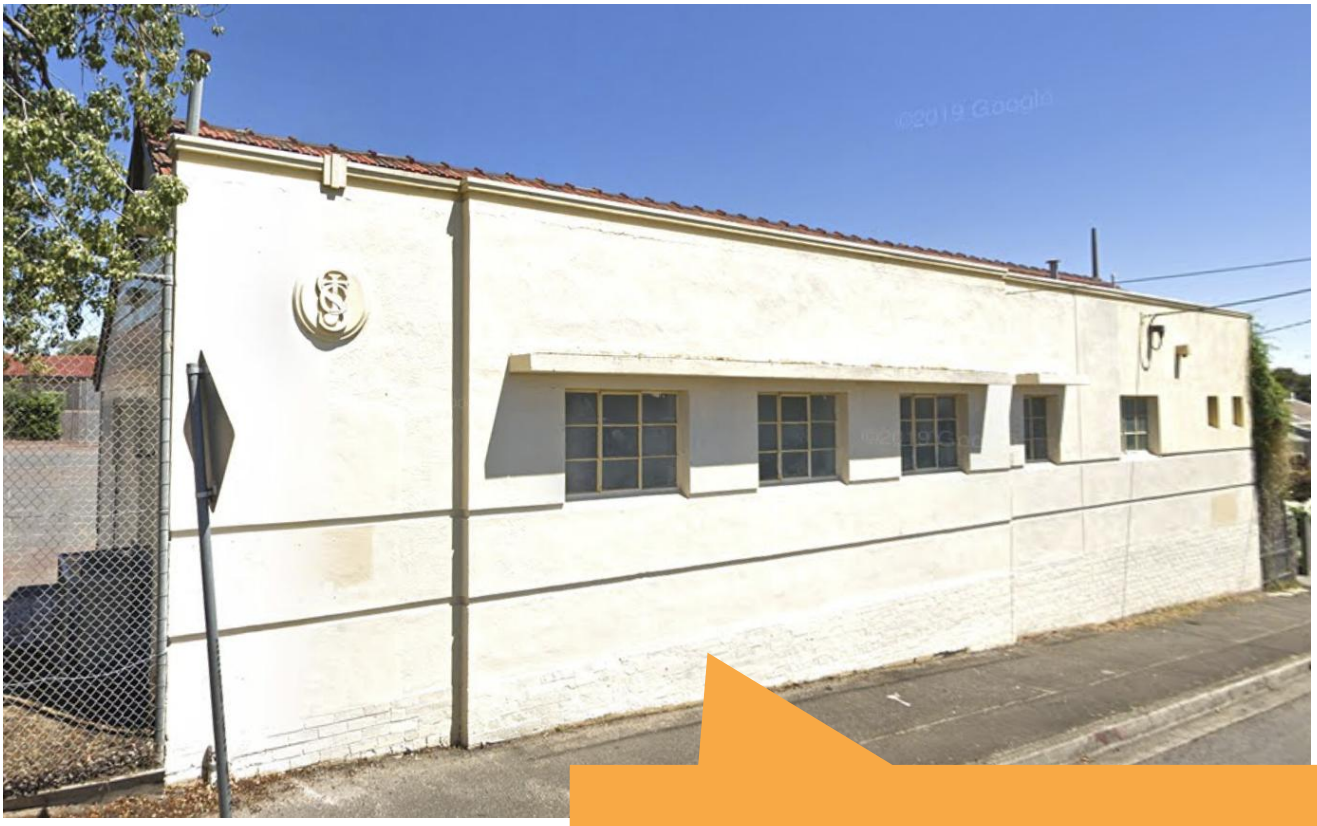

Installing a basketball / netball half court in front of the cricket nets to maximise versatility of the facilities

Westbourne / Helen St Site Proposal

Repainting the existing club house space to make it more appealing and school and community friendly

Could the school community repaint the existing hall / club house?

Westbourne / Helen St Site Proposal

But why do this? The Westbourne / Helen St site with simple enhancements could be transformed to better serve the St Joseph's School and Parish community.

With facilities including:

- ✓ Tennis
- ✓ Cricket
- ✓ Soccer
- ✓ Basketball / Netball
- ✓ On site sports equipment storage
- ✓ More modern/appeal club house

… it would provide a monumental uplift in outdoor spaces to the St Josephs School community which is currently constrained with it physical outdoor spaces for its 190+ students and families

Westbourne / Helen St Site Proposal

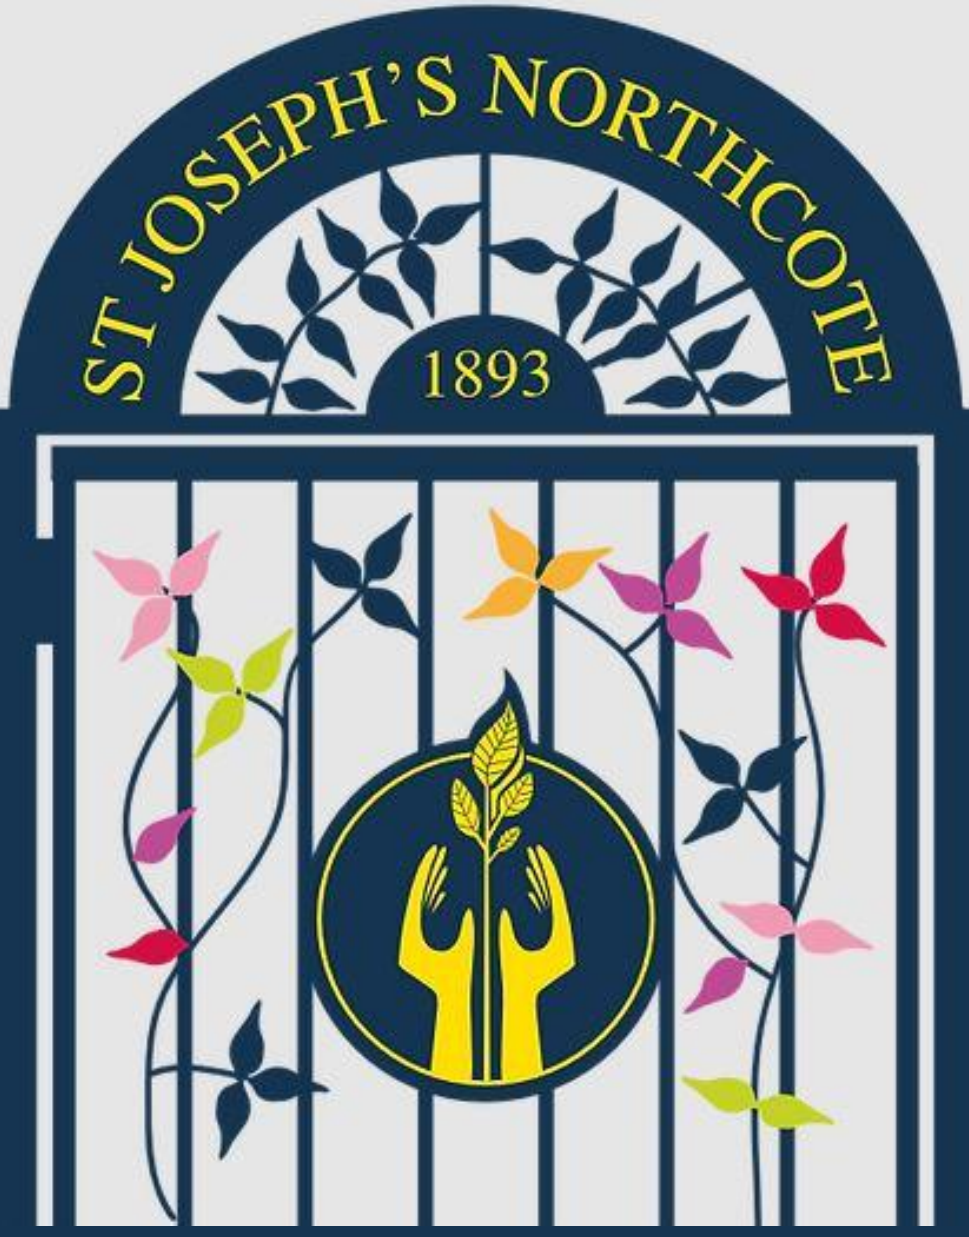

Reimagining the Space… The Westbourne / Helen St site could be used by:

- ✓ The St Josephs Primary School during school times
- ✓ Used by after school providers (like Matt Todd's tennis)
- ✓ Hired out to school and parish families for functions/events
- ✓ Used privately by the school and parish community

Funding the improvements… How could we support and fund the enhancements:

- ✓ School fundraiser
- ✓ Annual school family levy (establish tax deductible building fund?)
- ✓ Hire fees (events or families)
- ✓ External service provider fees
- ✓ Catholic Archdiocese co-funding

Lets create amazing outdoor spaces for our school and parish communities to enjoy, get active and thrive in
