

# TERM 1

We have had a very productive start to the year and the students should be proud of their efforts!

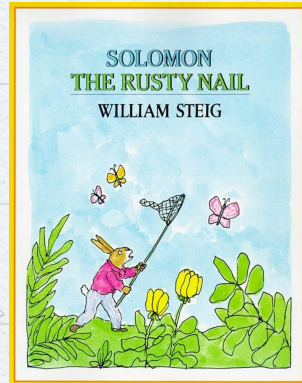

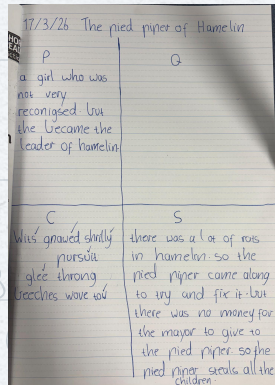

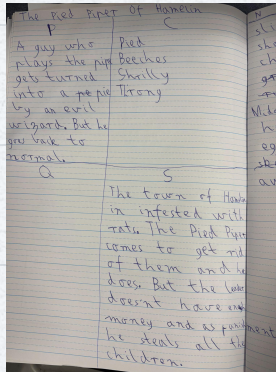

We have discussed our school rules and values, established a classroom agreement and built our connection as a class.

We have dived into our literacy, numeracy, concept and specialist learning subjects and achieved plenty!

# READING

In Reading this term, we have been focusing on using comprehension strategies during our reading groups and exploring vocabulary through mentor texts.

# MATHS

This term we have heavily investigated the role of decimals in our base ten counting system. We learned to identify decimals by name and value and we learned to make them using concrete materials and order them. We also explored addition and subtraction strategies that use decimals are larger wholes.

This term we also learned about how to identify and how to estimate angles using benchmark angles. We have also looked at the characteristics of common 2D and 3D shapes.

# CLOSING

We have had a wonderful start to the year in Year 4. We hope that you all have a restful holiday period and look forward to seeing our fabulous students in Term 2.
