

## **Term 2 Holidays**

While there is no set homework over the holidays, we strongly recommend that students continue to practise their skills. We have created a list of ideas that your child can complete over the break. At the very least, we would greatly encourage students to continue reading **everyday** for a minimum of 20 minutes.

### **Literacy**

- Practising their handwriting - writing out the alphabet, in both capitals and lower case.
- Complete a book review on a book you have read.
- Write a short story about an exciting part of your holidays.
- Practice the spelling words on the Holiday Word List.
- Write a procedural piece that explains how to do something - this could be cooking or how to tie your shoe laces.
- Write a narrative about a picture prompt.

### **Maths**

- Complete Mathematics tasks.
- Use fractions in the house - can you find items that show a fraction.
- Practice addition and subtraction - using the strategies of Split Strategy, Jump Strategy, Compensation or Vertical Algorithm.
- Practice speed counting - start with any number, add 2, 4, 6, 10 or any number you can. Put a timer on for one minute and see how far you can go.

## HOLIDAY WORDS TO PRACTICE

- *excited (what is the base word?)(can you add a suffix or prefix?)*
- *necessary*
- *adaptation (what is the base word?)*
- *information (what is the base word?)*
