

Interested in a career in the electrical or manufacturing engineering industries?

Her Trade Pathway Try-a-Trade Days

- ✓ gain experience and knowledge about pathways into the electrical or engineering industries
- ✓ develop skills using hand and power tools in a supportive and friendly environment
- ✓ develop skills in electrical and metal trades
- ✓ hear from industry experts, including PEER and Master Builders Association (Born to Build)

**Thursday 12 September 2024 (Week 8, Term 3)
9.30 am-3.05 pm at Thebarton Senior College**

Participation will support VET Readiness Orientation (VETRO) and provide crucial evidence for any students wanting to enrol in a Certificate II in Electrotechnology (Career Start) or Certificate II in Engineering Pathways.

Personal Protective Equipment is provided.
Participants will need to wear long pants and closed-in shoes.

Registration: Please see your school VET Coordinator to register your participation.
