

April School Holiday Program

Drawing and Journalling

Learn a variety of techniques and skills to create amazing, different take home pieces.

Develop your drawing skills and learn the relaxing and mindful practice of artistic sketchbook journalling.

Explore how to draw patterns and mandalas as well as learning collage and shading methods to add to your sketchbook. (sketchbook provided)

Thursday 15 April

8-12 years, 10am - 12.30pm \$40

12-18 years, 1pm - 4pm \$48

Aspiring Engineers

When you look at the world around you what do you see? If you look through the eyes of a scientist or engineer you might see that we are surrounded by puzzles that need to be solved.

Learn about the engineering design process and the considerations that you must take into account when designing and creating practical objects in the physical world. Apply this knowledge by creating a model bridge. Work together as a team to test and analyse each bridge and decide on improvements.

Tuesday 13 April

11-14 years, 9.30am-12.30pm \$50

15-18 years, 1.30pm-5.30pm \$60

Creative Writing For Teens

This workshop is aimed at teens who are aspiring to be fantastic storytellers.

Whether starting out, or fostering a growing interest in creative writing, the program helps budding authors develop character, organise plot, design a narrative and turn the interesting into the amazing!

These classes aim to provide a space for being yourself, allowing you to ask all types of weird and wonderful questions to explore and develop your talent.

Wednesday 14 April

12-16 years, 1pm - 4pm \$45

9876 4381
572 Park Road, Park Orchards
