for Children project and FaHCSIA'

Department of Education and  
Early Childhood Development

A program for parents  
with children from  
birth to 4 years  
at Primary Care Connect

*The moon is round*

*As round can be*

*Two eyes, a nose and a*

*Mouth - Like me!*

*cuddle . communicate . connect*

# A story is a treasure to share

## Would you like to...

- ★ Enhance your child's language development
- ★ Learn to keep your child calmer and more settled
- ★ Enhance your relationship with your child
- ★ Develop a skill that can be used anywhere, anytime
- ★ Meet other families with a young child

## Mother Goose is ....

A group program which you and your child take part in together. Teaching is directed at the adult with children joining in as their confidence grows.

Parents learn rhymes, songs and stories, which lead naturally to holding, touching and gently bouncing your child to rhythm and sound.

The pace is slow and relaxed with plenty of time to learn the songs, rhymes and stories, plus casual discussion and question time.

Children gain communication and social skills while parents develop confidence and skills in parenting and relating to their child, creating positive family patterns during children's crucial early years.

Parents and children

- ★ Experience the spark of delight and magic that comes from enjoying a favourite rhyme or song together.
- ★ Learn and keep a repertoire of rhymes, songs and stories handy for any occasion such as waiting at doctors, in supermarket lines, etc.
- ★ Enjoy strengthening bonds between yourself and your child
