University of Newcastle - Joint Medical Program 2024 - How to Apply

To apply to the Joint Medical Program in 2024, you must complete the following three steps. Our Joint Medical Program is world-class, and entry is competitive. Each year, 170 places are available in the program across both the University of Newcastle and the University of New England; more than 3,500 people apply for those spaces. Your application will go through a rigorous selection process. If your application isn't successful, we encourage you to apply again the following year.

<https://www.newcastle.edu.au/joint-medical-program/how-to-apply>

UON Open Foundation

Open Foundation is a free pathway program offered at the University of Newcastle for people who do not have the qualifications required for direct entry into an undergraduate degree program. Regardless of your background, you'll develop the skills you need, not only to gain entry, but to find success at university and beyond. You will receive a Certificate of Attainment from the University upon completing Open Foundation as evidence of the skills and knowledge you've gained from the program. Completion will also guarantee you admission into over 40 degrees at the University of Newcastle.

UNSW Portfolio Entry Early Conditional Offer Scheme

Applications Close 21 July

With UNSW Portfolio Entry, your pathway into uni is unique - just like you. Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. That's why from Term 1 2024, we'll be evolving our UNSW Portfolio Entry Scheme to offer early conditional offers, giving you the opportunity to demonstrate your passion and talent alongside your ATAR. Successful applicants will receive an early conditional offer with an adjusted ATAR entry requirement up to 10 ATAR points below the lowest selection rank for a specific degree or range of related degrees. If this sounds like you, we want to see your portfolio submission. It's an easy, online process and can only ever boost your chances of admission.

<https://www.unsw.edu.au/study/how-to-apply/undergraduate/admission-pathways/portfolio-entry>

<https://www.defencejobs.gov.au/students-and-education/gap-year/?page=1&perPage=21&query=>

Future Doctors Australia

5-8 October

Gaining medical work experience is essential for young people considering a career in medicine. It provides insight into the field, helps develop skills and attributes, and provides networking opportunities. However, obtaining medical work experience can be challenging due to various restrictions such as limited opportunities, safety concerns, and confidentiality issues. That's why NIE has developed the "Future Doctors Australia" program. It is an engaging and high-impact 4-day program that provides young people with a unique opportunity to gain medical work experience in a safe and structured environment.

Participants will have the opportunity to spend time with current junior and senior medical students. They will also have the rare opportunity to spend time with more senior clinicians and various medical specialists.

How high school physics can lead to an awesome renewable energy career

Renewable energy engineering careers are growing rapidly as the world moves to sustainable energy – but you'll need physics knowledge to apply. As a Brisbane high school physics student in the 50s, a young Martin Green — now a professor and world-famous renewable energy engineer — might have been wondering exactly how he'd end up using everything he learned about atom models and vectors in class.
