

2025 4B

WHAT A YEAR IN 4B!

Wow. The year in 4B went so quickly! Yet everyone achieved so much. The most recent highlight being the Graduation for our two year 12 students, Diego and Avneel. Congratulations to our first EHSS school leavers. This year has seen some new friendships made, personal goals reached and lots of creativity and fun. During our Integrated Learning Units, we invented and created some amazing games and cooked food from different climates of the world.

We planned activities using our maths budgeting skills and practised Being kind by being role models and leaders for other students. And the parties – 4B hosted many birthday parties, Halloween parties and even a Bachelor Party this year – all planned by the incredible students. Well done year 11 and 12, you have done yourselves proud.
