

CAREER NEWS

Friday 27 August

Dates to Diarise in Term 3

- **University / TAFE Open Days 2021** – throughout August
- **Year 12 VTAC timely applications** – throughout August and September
- **VTAC SEAS and Scholarship applications** – due Oct 8th

ENGINEERS
AUSTRALIA

What is Engineering?

The **Engineering Australia** website states that *Engineering is an occupation with extremely wide reach. The term 'engineering' covers many fields and, by extension, many skills. Engineers are scientists, inventors, designers, builders, and great thinkers. They improve the state of the world, amplify human capability, and make people's lives safer and easier.*

There are so many different types of engineering, and students are encouraged to browse the following link, and also watch the useful YouTube clips available at that link -

[Engineers Australia - Types of Engineering.](#)

Whitehouse Institute of Design

Whitehouse Institute of Design, Australia offers specialist higher education degrees and vocational education and training certificate courses at both Sydney and Melbourne campuses.

Foundation Portfolio Workshop - Sat, 28 August 2021 - 10:00 AM – 12:00 PM

Courses on offer by this private provider include –

[Bachelor of Design](#)

Three specialisations on offer: [Fashion Design](#), [Interior Design](#), or [Creative Direction & Styling](#).

[Certificate IV in Design](#)

An 18-week intensive program providing students a unique opportunity of direct entry into one of Whitehouse's Bachelor of Design courses in either Fashion Design, Creative Direction & Styling or Interior Design.

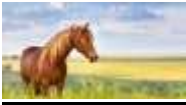

Find out more about this institution, costs of courses, etc. visit [Whitehouse Institute of Design](#).

Career as a Financial Planner

The [Good Universities Guide](#) states that *financial planners develop and implement financial plans for individuals covering all areas of finance, including taxation, retirement, superannuation, insurance and estate planning.*

Financial planning is a discipline on its own – one does not have to be an accountant to be a financial planner. There are number courses offered at universities in *business, commerce, finance, economics* and it is important to also note that should students wish to become a financial planner, the course they choose must be accredited by [ASIC](#) (Australian Securities and Investment Commission) or they may not be eligible to provide financial advice.

Careers in the Equine Industry

There are numerous careers in the equine industry, and a broad range of courses on offer at TAFE, university, and private colleges. The [Ranvet](#) website provides a great summary of jobs in the equine industry.

Some of these jobs include –

1. **Equine Veterinarian:** *Equine veterinarians look after everything health related with your horse. They provide health care and advice on what is best for your horse as well as performing procedures and surgeries.*
Course: Bachelor of Veterinary Medicine, Doctor of Veterinary Medicine
2. **Equine Veterinary Nurse/Technician:** *Equine veterinary technicians/nurses provide assistance to veterinarians as they complete exams and surgical procedures.*
Course: Certificate IV in Veterinary Nursing, Bachelor of Veterinary Technology
3. **Farrier:** *Farriers are responsible for trimming, shoeing, and maintaining horse's hooves. Most farriers learn the trade via apprenticeship or via a course. This job can be physically demanding.*
Course: Certificate III in Farriery
4. **Mounted Police Officer:** *Mounted police officers use their horses to discourage crime whilst providing crowd control. Mounted police officers must perform general duties for 3 years before joining the mounted police.*
Course: Bachelor of Policing, Diploma of Policing, training through Victoria Police
5. **Breeding (Broodmare/Stallion) Manager:** *Breeding managers supervise mares, foals and stallions whilst keeping detailed production records. In larger organisations there may be a stallion manager and a broodmare manager.*
Course: Certificate III in Horse Breeding
6. **Racehorse Trainer:** *Racehorse trainers' condition and train the horses they are in charge of for race meets.*
Course: Certificate IV in Racing (Racehorse Trainer)
7. **Jockey/Track Rider:** *A jockey/track rider rides racehorses according to the trainer's instructions. Jockeys can ride multiple races each day, as well as working horses in the morning with track riders.*

Course: Certificate III in Racing (Track Rider)

8. **Stable Hand/Groom:** *Grooms provide daily care for horses in their care. They can be responsible for cleaning stalls, washing horses, tacking up and traveling with the horses they are looking after.*
Courses: Certificate III in Racing (Advanced Stable Hand), Certificate II in Racing (Stable Hand)
9. **Bloodstock Agent:** *These agents evaluated horses at auction and bid on them on behalf of client as well as purchasing horses on behalf of clients. They also track down specific bloodlines for breeding and have a good knowledge of pedigrees and conformation.*
10. **Equine Health Practitioner:** *This can include but is not limited to an equine chiropractor, massage therapist, acupuncturist, and physiotherapist. The job can require travel to elite horse events and stables to treat horses. There is still course work and qualifications to become a health practitioner.*
11. **Show management:** *For a show to happen and be successful, there are many people behind the scenes that help make things run smoothly. The staff at a horse show often includes managers, officials, course designers, ring stewards, scribes, and scorekeepers.*
12. **Rider agent:** *Agents help manage top riders' careers and book the riders shows or races all over the world. Agents may have a business or PR background and may need to handle travel and sponsorships for their riders.*
13. **Equine transport provider:** *Equine transporters haul horses by truck as well as fly them around the world for competitions or for sale. It requires knowledge of horses and how to handle them in addition to logistics.*

[Marcus Oldham College](#) is a reputable private college that offers a range of courses in agriculture and equine studies, including –

[Diploma of Equine Management](#) – this intensive one-year program aims to equip students with the practical husbandry and business skills necessary for a successful career in their chosen field. The course is structured equally into three broad areas: *practical and horse management skills, equine science, and business management*. Graduates will be able to work as handlers, overseers and managers in studs and broodmare farms.

Situated on 200 hectares near Geelong Victoria, close to the beaches of the Great Ocean Road and 1-hour from Melbourne, Marcus provides accommodation equipped with private bed/study rooms, internet access, games and TV rooms, outdoor sports facilities, indoor gym, and library. All meals are provided daily in our College Dining Room and during leisure hours, students can enjoy a range of social and sporting activities within Marcus and surrounding universities, clubs, and organisations.

Interested students are invited to watch the following YouTube clip - [Diploma of Equine Management – Marcus Oldham](#).

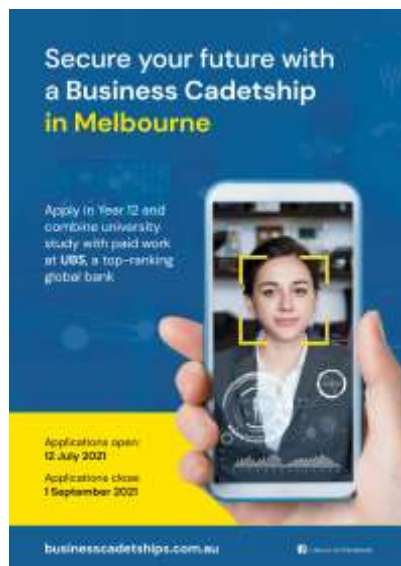

Professional Business Cadetships

Open to current Year 12 students, Professional Cadetships provide unparalleled opportunities. As a Cadet, you combine study at the university of your choice with paid work at a leading company.

Under this program, cadets are placed in Global Research at **UBS**, a top-ranking investment bank. As already mentioned, cadets combine paid work with study at the university of their choice in Melbourne, enabling them to launch their career from the start of university rather than waiting until graduation.

To gain a better idea of the cadet experience, students might like to check out the following video: www.professionalcadets.com.au/business-cadetships-video.asp

Business Cadetship applications are made online to Professional Cadetships Australia: [Professional Cadets](http://www.professionalcadets.com.au). The link to the application is - [Business Cadetship Application](#).
Applications close on Wednesday 1 September 2021.

Australian Apprenticeships and Traineeships Information Service (AATIS)

LIVE ZOOM SESSION ON MONDAY

The team at AATIS are running a free webinar this Monday! Register your interest and any questions you have about apprenticeships [in this short form](#).

DATE: Monday 30 August

TIME: 10AM (AEST)

DURATION: 30–45 mins

Snapshot of Victoria University (VU) in 2021

- More than 45,000 students from around the world study at one of VU's many campuses, with its largest one being Footscray Park - [VU Campuses](#)
- VU has a number of academic colleges including *arts, business, education, engineering, law & justice, science, sport and exercise science* - [VU Academic Colleges](#)
- VU has very strong industry connections with over 900 industry partnerships, including the *Western Bulldogs, Melbourne Victory, Western Health, City West Water*, and various others - [VU Industry Connections](#)
- VU has agreements with over 100 *exchange partner* institutions worldwide - [VU Exchange Partners](#). Students can gain credit towards their degree by studying for a year or a semester with one of the international exchange partners - [VU Study on Exchange](#)
- VU is a dual-sector institution, offering both vocational training (TAFE) and higher education with very accessible transition between courses at all levels. These *pathways* mean that a student's dream qualification is within reach, regardless of their study background, prior experience, or their ATAR score - [VU Pathways](#)
- VU is one of Australia's leading sport universities, ranking # 12 globally for sport science education - [VU - Leading Sport University](#)
- VU sport students will gain behind-the-scenes access at *Real Madrid Football Club* through a new partnership signed early in 2015 - [VU Real Madrid Partnership](#)
- Within the Law & Justice College, VU offers a number of courses from certificates and diplomas to postgraduate degrees, giving students more options to achieve their goals while balancing life and study commitments through flexible pathways - [VU Law & Justice College](#)
- VU is one of only two universities in Victoria that offers a course in *osteopathy* - [Osteopathy at VU](#)
- VU is the only university offering a *dermal therapies degree* in Victoria - [VU Dermal Therapies Degree](#)
- VU offers a number of courses linked to clinical practice and have dedicated clinics where current students put into practice that which they have learnt. Courses linked to clinics include *dermal therapies, massage, osteopathy, psychology* - [VU Health Clinics](#)
- In 2018 VU introduced the [VU Block Model](#) - all bachelor degrees taught at the Melbourne campuses see units delivered in a more focused way, *one at a time*. Students have more one-on-one time with their educators as they complete each unit, and experience a significantly more immersive, collaborative, and enriching learning experience. Initially for first-year students, the VU Block Model is now offered to students in all degree years.

Pathways to Medicine at Monash University

Monash University offers both direct entry and graduate entry into its medicine program, giving students two potential pathways to studying the Bachelor of Medical Science and Doctor of Medicine (MD). Monash has developed a *new* video explaining both potential pathways, including the admissions requirements and application process.

Watch the video [here](#).

Have a questions about studying at Monash?

[Book a one-to-one chat](#) with our Student Recruitment Team for all your general enquiries about scholarships, accommodation and so on, or directly with our Faculties for course related enquiries!

Monash Art, Design and Architecture

Fine Art and Design Experience Day

Year 12 and VCE students shouldn't miss this opportunity to join us at Caulfield campus for a two-hour hands-on workshop in fine art or design. **Fine art experience:** immerse yourself in drawing, sculpture and printing and learn about curating exhibitions. **Design experience:** a hands-on design process where you'll turn ideas into a working prototype. This event is open for Year 10 to 12 students, and Year 12 students will find out more about the fine art folio and written statement.

Date: Saturday 11 September

Time: 10.30am – 12.30pm

[Find out More](#)

Monash Business School

Help your students find their passion

Are your Year 12 students still unsure what course they want to study? Monash Business School supports students in this situation by providing a range of courses and elective units. [Manisha Maligaspe](#), a business alumna, explains: "Monash Business School offers choice and flexibility within their degrees. They provide internships, employability skills courses, study tours, course advice and the ability to change major whilst studying, just like I did."

[Find out more](#)

What are the key differences between these business bachelors at Monash?

The Bachelor of Business, Bachelor of Commerce, and Bachelor of Business Administration are comprehensive programs that offer a wide variety of majors, minors, and work-integrated learning. The programs differ in their ATAR, English and maths requirements, double degree options and are taught at three different campuses: Clayton, Caulfield, or Peninsula. Students can book a one-on-one consultation to find out what option is right for them.

[Book a consultation](#)

Education at Monash

Five ways to study secondary education

Do you have students interested in becoming secondary school teachers? Our Bachelor of Education (Honours) offers five specialisations and a range of double degrees that qualify students to teach the subjects they're passionate about. Study education and select from arts, business, fine art, music, and science as partner degrees to gain two qualifications in just four years. Students can also choose to specialise in inclusive education or health and PE at both primary and secondary levels.

[Find out more](#)

Engineering at Monash

Design methods in engineering

The second-year engineering unit, MEC2402, offers students an opportunity to learn about design processes in our brand new Woodside Design and Build Studios. Students get access to amazing facilities, including PCs for computer-aided design, finite element analysis and modelling, as well as 3D scanning and 3D printers, which they've had to assemble themselves! The printers are used for design prototyping, and teach students about additive manufacturing.

RMIT Open Day – Next Fest

RMIT' Next Fest is now LIVE. Next Fest is a virtual festival of ideas, conversations, and discoveries about your students' future culminating in Open Day on Sunday 29 August.

Through our online events, students will be able to hear from academics and join in online Q&A, learn what future employers are looking for and discover all about their RMIT study options. Sessions are also available on-demand through September via a personalised schedule available on the platform!
