

PORT MELBOURNE TEAMKIDS NEWSLETTER

WHAT'S BEEN HAPPENING

Dear TeamKids Families,

We have had a fun and engaging two weeks at TeamKids Port Melbourne, filled with creativity, learning, and teamwork.

Cooking Club- Children enjoyed exploring their cooking skills through exciting recipes. In Week 5, they created colourful fruit jello while discussing colours, textures, and healthy ingredients. In Week 6, children made Japanese Biscoff cheesecake, practicing measuring, mixing, and teamwork while learning about flavours from different cultures.

STEM Club- Our young engineers designed and built boats using recycled materials such as cardboard, straws, papers and plastic containers. Children tested their creations in water to see whether they would float or sink, encouraging problem-solving, prediction, and scientific thinking. Many children redesigned their boats after testing to improve their results.

World Bee Day- To celebrate World Bee Day, children learned interesting facts about bees and discussed why bees are important for plants, food, and the environment. We extended the learning with a paper plate bee craft activity where children used paint, paper plates, and creativity to design their own buzzing bees.

National Sorry Day- For National Sorry Day, we had meaningful and child-friendly discussions about the importance of saying sorry, kindness, inclusion, and belonging in Australia. Children shared ideas about friendship and respect before working together on a collaborative mural painting titled "We Belong Together," celebrating community and connection.

Thank you to all our children and families for another wonderful fortnight of learning and fun at TeamKids Port Melbourne.
