

Last chance to WIN A FAMILY PASS to introduce your child to live theatre!

Theatre is key to the development of healthier, more creative and more communicative kids.

It is well known that theatre engagement can encourage creativity, enhance academic performance, and improve overall mental health. This is why it is best to introduce your children to a variety of art forms from an early age.

John Curtin College of the Arts would like to give you the opportunity to win a family pass to view our end of year performance of *Coppelia*. Our two special matinees are specially designed for primary school students and begin with an interactive presentation by the Director of Dance, introducing students to the theatre, its staff and functions, the workings of the design concepts and the main ideas of the story.

You can view an example introduction [here](https://vimeo.com/761739963) <https://vimeo.com/761739963> and enter to win a

family pass for 2 adults and 2 children [here](#)
