# Granting Permission on Sentral

It is easy to give permission for an activity or event on Sentral. You will receive a notification in your Parent Portal, then follow these few simple steps.

Click 'View Details' to read about the event.

Use the right arrows to give permission for each of your children.

Check the bubble to **give** permission or to deny participation.

Scroll down and submit.

An "actioned" success message will appear on your feed once completed.
You can now archive the permission slip.
