Verso Digital Classroom

At Para Vista Primary School we like to be prepared for all circumstances and as such would like students and families to be prepared for digital learning if the need arises. We are continuing to use a website called verso - www.versolearning.com as the platform to digitally deliver your child's learning on the occasion that learning is to be done at home. Teachers will upload lessons for students to learn, respond on and discuss with peers. Verso helps to enable collaborative discussions between classmates in different locations, while also providing vital feedback on learning to teachers.

Student login for Verso:

Username: For the majority of Para Vista Students, the username is your child's first name followed by the first letter of their surname. e.g. Luke Dunstan's username would be: loked

(If this doesn't work, your child's username will be first name followed by the first two letters of their surname. E.g. lokedu)

Password: your child's birth date. E.g. if D.O.B is 5th Jan 2004 – password is: 050104

Class Codes:

P6 & P9: dtknv

V20: kxj3w1

V21: i9sqsz

V24: qxqxek

V16: nk8m8s

V12: k6m1fw

Edmodo

Para Vista Primary School's main form of digital communication is Edmodo. Please make sure that you are connected to Edmodo to stay connected to your child's learning journey.
