Swinburne University

Work Integrated Learning Guarantee

Did you know that Swinburne guarantees that all students studying a Bachelor degree will have access to industry experience through placements, internships or industry-linked projects? It's called the 'Work Integrated Learning (WIL) Guarantee'.

Prospective students and their families can find out about this program through an online webinar being run on Wednesday 16 June at 4pm. To register your place, visit <https://bit.ly/3yMGAEEx>

Have you considered vocational education and training (VET)?

This includes – apprenticeships, traineeships and TAFE study. Did you know that 77% of VET graduates secure employment after training?

VET is one of the most progressive forms of education available to school leavers. It's in touch with the realities of the current and future employment market – because it's entirely driven by the employment market.

If you would like to learn more about VET and why you should consider gaining a VET qualification after school, go to <https://bit.ly/2xiZBTf> to check out the 'VET. It's Right Now' video initiative.

What type of apprenticeship would you be suited to?

Taken from the Australian Apprenticeships Pathways website.

"Career evaluation is constant and unending especially for people who are considering their next career step. Career choices can be difficult as there are so many options out there.

It can be easier if you know which Work Types you prefer and what career options they lead to. These Work Types are identified through a Career Interest Explorer, co-created in consultation with Australian Centre for Career Development and focus on apprenticeship and traineeship career pathways.

There are seven Work Types in total which can lead to different industries and occupations. While it may be easy to choose the best known occupation in a Work Type, it may not be the best option for you.

Realistically, an occupation can be linked to many Work Types, but focusing on your primary Work Type can help narrow down the industries or occupations that may interest you.

Below are the seven Work Types that are linked to apprenticeship or traineeship occupations. There may be some occupations that you may not have even thought could be done as an apprenticeship or traineeship".

- Analytic and Scientific
- Creative and Artistic
- Helping and Advising
- Nature and Recreation
- Organising and Clerical
- Persuading and Service
- Practical and Manual

Go to <https://bit.ly/3pkVCx3> to complete a career interest quiz, research occupations that align with each work type, and to further research your apprenticeship and traineeship pathways.

Interested in Veterinary Nursing?

This is a fantastic occupation for those who are passionate about working with animals. Veterinary nurses assist veterinarians in all aspects of animal patient care, including surgical procedures, laboratory testing, medical treatment, and consultations.

To become a qualified veterinary nurse, you usually have to study the Certificate IV in Veterinary Nursing whilst undertaking employment, work placement in a Vet clinic.

This can be completed through a traineeship, VET study or online study. Once qualified, you can undertake further study to specialise in dental, surgical or emergency and critical care.

For information on this occupation, go to <https://bit.ly/2IRNcv0>

You may also consider studying a paraprofessional qualification at the university level:

Bachelor of Veterinary Nursing La Trobe University

This is the first paraprofessional veterinary nursing qualification of its type in Australia, www.latrobe.edu.au

Bachelor of Veterinary Technology Charles Sturt University

This course can be undertaken at the Wagga Wagga campus, in partnership with GO TAFE, Wangaratta or online, www.csu.edu.au
