OLA Sport Carnival Protocols 2019

These protocols are being shared with the OLA Community to inform when and how each of the major sporting events are conducted over the school year. They provide clear guidelines for each event.

While competition is valued, the emphasis is on participation and the development of good sportsmanship. Students are strongly encouraged to participate in all events contributing to their faction on each given day. Students can strive for and show Respect, Integrity, Compassion and Excellence through each of these sporting events.

OLA has moved in line with other CPSSA Schools and replaced our third place, second place and first place medals for Swimming and Athletics with Championship and Runner Up trophies. In general, these will be presented at the conclusion of each carnival.
