

## Find out all about Adam Wallace!

### AUTHOR SPOTLIGHT

- Adam has written fifty-two real, live books, and he illustrated nine of those books.
- Over 1,000,000,000,000 Adam Wallace books have been sold. That number was meant to be a million. A few extra zeroes were added by mistake, on purpose.
- He is always called Adam Wallace by kids at school, and his friends call him either Adam Wallace or Wally or Foxy. His mum wishes someone would just call him Adam. Which is weird, because she calls him Ben.
- Adam has had three books on the New York Times Bestseller List, some of them more than once. This is exciting. He wants to go to New York.
- *Cowboy and Birdbrain* is the most fun series Adam has ever written. Sometimes he acted out Birdbrain's antics. This meant he knocked himself out four times.
- The first book he wrote was called *Frogmen of the USA*. He was in Grade 4. It was about frogmen who bit people's heads off. It was based on his sister.
