

A man with glasses and a beard, wearing a blue denim shirt, and a woman with dark hair, wearing a grey sweater, are sitting at a desk and looking at a laptop screen. The man is pointing at the screen with his right hand, and the woman is looking at the screen with a slight smile. The background is a bright, out-of-focus indoor setting.

Oatlands Primary School Order Portal

HOW TO ORDER

Learning with Technologies (LWT) is one of the largest education resellers in Australia. We are trusted by over 3,000 schools across Australia and supply over 90,000 notebooks into these schools each year.

We supply commercial grade devices that are better designed to survive the school day with special education pricing. We also hold tens of thousands of units locally which means you'll get quick access to a device.

We are also one of the largest authorised repair agents for Lenovo, Acer, and HP. Our service team provide warranty and insurance repairs onsite for schools and maintain large pools of spare parts to ensure repairs happen quickly.

Commercial Grade Devices

The devices we offer via our portals are commercial grade that you won't find in a retail store. Built to a higher quality and most coming with 3 year warranty options they are designed to last longer than retail counterparts.

Hassle Free Quick Onsite Servicing

The student environment often leads to a higher number of repairs. Onsite support at the school greatly reduces frustrations for parents. Getting a retail device repaired usually takes weeks as they often have to be returned to the manufacturer.

Accidental Damage Protection

We offer well priced insurance options that give Accidental Damage protection with quick repair times. We use Manufacturers Insurance to help guarantee parts availability.

\$100 Deposit to Secure a Device

We offer parents a \$100 deposit option to secure a device and let them pay much closer to the delivery date.

WHY LWT

12-Month Interest Free

We offer 12-month interest free on our portals from Latitude Finance and Zip Pay to help spread the cost of your device. All finance comes with associated fees so please read the terms and conditions carefully.

Pick up close to home or work

You can pick an Auspost Collection Point for your delivery so you can choose to pick the device up near home or near their work whichever is easier for you (unless being delivered to the school).

More Stock and Spare parts

LWT work with our suppliers and bring in tens of thousands of devices in advance to meet the peak education season. We also hold large pool of spare parts to handle repairs.

Dedicated Parent Portal Hotline

We have a dedicated hotline for parent portal related calls. You can call us with ordering, payment and delivery enquiries on 1300 839 605.

Wide range of payment options

We provide a wide range of online payment methods. Please note Credit Card and PAYPAL payments incur a 1% surcharge.

Easy Graphical Comparison

To help you choose the right device we use easy to understand graphic icons to help you compare units using a side-by-side comparison of key specifications.

HOW TO ORDER

Step 1

Go to the school order portal – <https://oatlandsp.s.orderportal.com.au/>

The screenshot shows the top of the school order portal. It features the LWT LEARNING WITH TECHNOLOGIES logo on the left and the OATLANDS PRIMARY SCHOOL logo on the right. Below the logos is a banner image of children looking at a laptop. The main heading reads "Welcome to the Oatlands Primary School Order Portal". Below this, a paragraph states: "The devices nominated on this portal have been selected by Oatlands Primary School to best meet the curriculum and technical requirements of the school. There are a number of options associated with the devices so please read the information carefully." Below the paragraph, it says "Models And Pricing Are Subject To Change" and "All items purchased will be shipped directly to the school". At the bottom of the screenshot, there is a small image of a laptop with the text "Chromebooks" and a "Buy Now" button.

Step 2

Choose one of the following:

For more information go to <https://www.gemvisa.com.au/>

12 months interest free via Zip Money

For more information go to <https://zip.co/how-zip-works>

Please note all finance includes ongoing fees so please read the terms and conditions carefully.

All finance options are subject to approval which can usually be done online.

Questions about Payment

Is my credit card secure online?

We use a secure Westpac portal to process credit cards.

Do you store my credit card number?

Learning with Technologies does not store any credit card information.

My credit card doesn't work online what's wrong?

To protect against fraud, we don't accept credit cards online that are issued overseas. If you are having issues, please call our team and they can process the card manually for you.

Can I pay in instalments?

You can pay in instalments. We will hold a unit for you until we receive the payment in full. Unfortunately, we can't ship the unit until we are paid in full.

What is Interest Free?

Interest Free options are supplied by Latitude Finance and Zip Pay and give you an interest free period with repayments. Please note that interest free may not be available on all products. There are annual fees with Latitude Finance cards, and it is strongly recommended you read the terms and conditions carefully if applying for a card.

Delivery Questions

When will I receive my goods?

Your order will be processed straight away, and goods will usually be shipped to you by Australia Post E-Parcel within 1-2 weeks. If there is any delay, we'll send you an email letting you know.

You can track your order here <https://www.orderportal.com.au/CheckOrder>

What if I'm not home when the goods arrive?

If you are not home when the goods are delivered Australia Post will leave a registered post pickup card and you'll be able to pick up your unit from the local post office.

Questions about devices

What device should I buy?

This will largely depend on the subjects your student is doing, always seek advice from the school if you're unsure.

If your student's work will be web browsing and word processing, then this probably doesn't require a powerful/expensive device. It is only when the student is doing media/art/graphics design subjects that you may need to consider a device with a better processor or more RAM.

Warranty Questions

How is warranty supplied?

Warranty will be supplied onsite at your school or by return to base depending on your warranty purchased.

What's covered by warranty?

Only the hardware is covered by warranty against manufacturer fault. Software and physical damage are not covered.

Warranty

Windows devices will have their warranty and insurance repairs supplied onsite at the school by LWT. Your child can take the device to the school IT department to log a job on their behalf.

Apple iPad warranties are direct with Apple can be logged here:

<https://support.apple.com/repair>

Insurance and Repair Questions

Do I need Insurance?

You don't have to purchase insurance with your unit but it can help lock in costs and ensure quicker onsite repair. For full information please refer the PDS. Please note touch screens on laptops can cost approximately from \$200 to \$900 depending on the brand and size of the screen.

What do I do if my unit gets damaged and I don't have insurance?

We can supply a quote and repair cost for fixing a broken unit.

Software Issues

I have a problem with my software who should I talk to?

We only provide the hardware and unfortunately can't supply advice regarding the software. If you have a school supplied image you should talk to the school if you are having difficulties or seek local IT support.

Contact us on 1300 839 605 or email sales@lwt.com.au.
