

Classroom Moments

5C

Term Three has been amazing in 5C! We have seen some lovely friendships develop, and made lots of progress in our individual learning goals.

This term our highlight was definitely our swimming lessons! Everybody had so much fun and displayed our school values of being kind to ourselves, others and the environment whilst out in the community. It was great seeing students demonstrating water safety skills and being so comfortable in the water.

We also really enjoyed the book week parade and showing off our costumes!

We are so very proud of how hard 5C students have worked on our goal of learning to share this term. We can't wait to see what will be achieved in Term Four!
