

Winter is here!

Winter has certainly arrived! With more wet days, we use the hub when we can. We also play a lot of indoor games. It is great to see people working together to craft, to play, to build masterpieces!

Having a picnic is a great way to catch up with your friends!

I think having a bit of fun with the fruit makes it taste better! Sometimes we even take it outside to share with friends and families!

When you are involved with the process of making food, there is more thought that goes into what foods I like, and what foods do my friends like, that I might try!

Our magnetic building blocks allow a lot of creativity with a Minecraft feel. We are always proud of our creations!

The large whiteboard is a great canvas for interesting little characters and ideas!

I love seeing how much fun the children are having with the activities and resources

Child's Voice

TheirCare is a unique place that is 100% friendly. Usually there are two educators, in the morning only one. Adric is always here unless he is sick. The food here is awesome, yummy and healthy. We have rice, and toasties, and wraps, and small pizzas. Sometimes pancakes for breakfast too! TheirCare also has Holiday Programs that have insane excursions and incursions. Hope to see you there!
