### **Statements from Candidate – JOEL O’SULLIVAN**

Hi my name is Joel O’Sullivan and I am excited to nominate for GSSC School Council. As an education professional with strong community links I feel like I have a lot to offer.

I worked in a variety of teaching and leadership roles at Bouchier Street Primary School over the last 12 years. My experiences have given me a unique understanding of curriculum, wellbeing and general school operations which I am hopeful will be valuable to the School council.

I enjoy being an active community member. I have coached football, soccer, netball and basketball teams and have organised and set up various school and community events. I have thoroughly enjoyed the relationships I have built by being involved in such activities.

I am looking forward to being a connected GSSC community member, building quality relationships with others at the school and am open to helping out in a variety of ways.
