MONDAY 23 JUNE #20

BEHIND THE JOB: Sustainability Consultant

What do they do?

Sustainability Consultants help organisations develop environmentally friendly practices, reduce carbon footprints, and implement sustainability strategies in industries like construction, energy, and business operations.

What are their strengths?

- Analytical and problem-solving skills
- Ability to develop and implement eco-friendly solutions
- Communication skills for working with businesses and policymakers
- Understanding of regulations and sustainability reporting

How do they get started?

A Bachelor's degree in Environmental Science, Sustainability, or a related field.

Next steps
