

Vinh Danh (Kevin) Ho

East Doncaster Secondary College

Vinh Danh (Kevin) Ho is an active member of the East Doncaster Secondary College community. In 2020, he was appointed Vice International Captain and Debating Captain, and has also been a member of the Student Representative Council.

Kevin is also a member of the debating club and enjoys debating as an opportunity to hear different perspectives, which in his own words "is one of the foremost missions the global citizen should have". He also encourages his fellow students to learn about the world by writing a fun quiz on global issues for each edition of the student newsletter.

Kevin chose to apply for leadership positions because he wanted to be a voice on behalf of the international students who don't always speak up for themselves. He works hard with the other international student leaders to encourage all international students to get involved in whole-school events.

*"Always try to speak up, even if you think your words might sound discouraging. Listeners might not understand you the first time but then when you are given a second chance, it is an opportunity to build that relationship."*
