RIDE YOUR BIKE TO SCHOOL DAY

Tuesday October 29th

Environmental benefits of riding your bike to school

- Less fossil fuels going into the air because you're not driving a car
- Lower carbon footprint: cycling is eco-friendly
- According to research from the University of Oxford, choosing a bike over a car just once a day can reduce the average person's transportation-related emissions by 67%.

What are all the benefits of biking to school?

- Avoids traffic.
- It's eco-friendly.
- Exercise is good for your health.
- More bikes = Less cars = Less possibility of car crashes
- Biking = Less money spent on fuel

Healthy

THE bicycle
is a simple
SOLUTION
to some of the
world's most
COMPLICATED
problems.

Let's all bike to school
