

Foundation!

Welcome to TPS!

A big congratulation to all our Foundation students and their families for a great start to the school year! Students have spent time getting to know teachers, places and school routines in their first few days. They have also started to get to know each other and are beginning to develop friendships with others in their class.

Literacy & Numeracy Update

In Literacy, students have started identifying letters of the alphabet. This week we will have a focus on Bb, Tt, Vv and Pp. They have started a unit on Families, listening to stories and identifying names that describe people in our families.

In Mathematics, students are copying, making and continuing patterns with a range of materials.

Diaries & Satchels

Students will bring home their own satchel and diary this week. This is a great tool for communication between families and parents and we encourage it to be checked throughout the week.

Take home reading will commence later in the term. Teachers will communicate more about our take home reading program shortly.
