

What did your child learn about at school?

- The internet is a global network. It connects people and devices using Wifi, wires, underwater sea cables & satellites.
- We all have rights when we're online:
 - to feel safe
 - to block/report other users
 - to seek help
- We all have responsibilities when we're online:
 - Follow the rules (home/school/website/ law)
 - think about the impact of our actions on other people

Some conversation starters:

- What is your #1 favourite thing to do online at the moment?
- Have you ever blocked or reported another player online? Why?
- What do you think would happen if there were no rules?
- What could you do if you needed help online? (Have a look at the Kids Helpline website together)
