# Free Eye Tests

Covered through Medicare

## Haven't had your eyes tested in a while?

According to the **Optometry Association of Australia**, every person should get their eyes checked at least once every two-three years.

Full eye tests will be conducted at **Brighton Secondary College**.

At least **1 in every 6** students have vision issues that go undetected.

Typical symptoms that go undetected are **quick loss of concentration, reading avoidance, blurry vision, tired eyes** and **headaches**.

All students are given a detailed report at the end of their eye tests.
