

## LanguagesWeek 2020 #LinguaSING

**Do you like languages?  
Are you someone  
who breaks into song  
all the time?**

**#LinguaSING is the  
event you've been  
waiting for!!**

**The #LinguaSING project is simple enough. Any student who likes to sing or has always wanted to sing can participate, with the lyrics and a YouTube link being provided, singing the song 'Tomorrow' from Annie in one of the three different languages (French, Japanese, or Italian).**

**It is not restricted to those studying a language but is accessible to any student, across all year levels. It is a chance for students to step forward and get everyone standing on their feet.**

**All correctly recorded entries will be edited together to produce a multilingual version of the song which will be shared with the school community at the end of Languages Week!**

**Please send all entries  
by Friday 31 July!**

**Further instructions and links to the YouTube clips and lyrics are posted on SIMON.**

**Enjoy!**
