

HELP KEEP OUR CENTRE INFECTION FREE

Please keep your child at home if;

- ~ They have taken Panadol or Nurofen in the morning (both medications mask symptoms but do not get rid of the infection that will spread)
- ~ Fever of 38°C or Above
- ~ Consistent Cough
- ~ A continuous runny nose
- ~ Sore Throat
- ~ Swollen Glands
- ~ Diarrhoea
- ~ Vomiting
- ~ Unusually Tired & Lethargic
- ~ Un-Diagnosed Rash
- ~ Unusual Skin Colour

Once the above symptoms have been clear for a minimum of 24hrs, bring your child back to play, learn, and investigate.
