

# Piper's Sleepover

'**BANG,**' I smash my head on the mattress. Chelsea quickly ran to me. But the silks were hanging over me.

Last year Chelsea and I were having a sleepover at my place.

First, as we went to Chelsea's place I could see **BIG** bags coming towards me. When we went to my house we started to build the fort. We also got two **BIG** red mattresses.

Later, we went to go see the silks and play around. Then we went to the house to watch some TikTok's.

Finally, it was the next day and before dropping Chelsea off, we went back to the silks again. After we dropped her off. I fell asleep at 4:00pm because I was so, so sleepy.

It's amazing to spend time together again.
