

Dear Parents/Caregivers

Free Software for DoE Students

In order to support the DoE's Bring Your Own Device (BYOD) policy, students are able to download and license a range of Microsoft and Adobe software for free while they are enrolled. Available software packages include Microsoft Windows 10 and Office 365, as well as Adobe Creative Cloud, Photoshop, Premiere and many others. This is a fantastic resource to support student learning at home. Students need to use their @education.nsw.gov.au email address to register. More information can be found here:

<https://nsw-students.onthehub.com/WebStore/Welcome.aspx>

School Facebook Page

We would like to encourage all parents and students who are Facebook users to head along to www.facebook.com/henrykendallhighschool and "Like" our school page. We are constantly sharing news and exciting events, as well as student work and lesson activities. This is a great way to stay in touch with what is happening inside our classrooms. As any Facebook user knows, things can easily get lost in your ever growing News Feed, so please switch on notifications for our page and stay 100% up-to-date with everything with post. Users can also message the page with photos and other exciting things that we might be able to share with our online community, so make sure you log on and get involved!

Yours faithfully

Damien Clift

Head Teacher (Creative and Performing Arts) and Strategic Communication Team Leader

School ICT Manager

Assistant Musical Director - Star Struck 2010-2017
